The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA) is seeking applications for the National Training and Technical Assistance: Anti-Human Trafficking Training for Law Enforcement and State Prosecutors Program. This program furthers the Department's mission by enhancing the capacity of state and local jurisdictions in preventing and reducing crime.

National Training and Technical Assistance: Anti-Human Trafficking Training for Law Enforcement and State Prosecutors Program
FY 2014 Competitive Grant Announcement

Eligibility

Applicants are limited to for-profit organizations, nonprofit organizations, faith-based and community organizations, institutions of higher education, and consortiums with demonstrated experience providing national and local-level training and technical assistance in the area of human trafficking to law enforcement and prosecutors. Demonstrated experience in delivering anti-human trafficking training to law enforcement and prosecutors is required. For-profit organizations must agree to waive any profit or fees for services.

BJA welcomes applications that involve collaboration between two or more entities; however, one eligible entity must be the applicant and the others must be proposed as subrecipients. The applicant must be the entity with primary responsibility for conducting and leading the program.

BJA may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on the merit of the applications and on the availability of appropriations.

Deadline

Applicants must register with Grants.gov prior to submitting an application. (See “How to Apply,” page 17.) All applications are due by 11:59 p.m. eastern time on May 13, 2014. (See “Deadlines: Registration and Application,” page 4.)

All applicants are encouraged to read this Important Notice: Applying for Grants in Grants.gov.
Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via e-mail to support@grants.gov. The Grants.gov Support Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the BJA contact identified below within 24 hours after the application deadline and request approval to submit their application.

For assistance with any other requirement of this solicitation, contact the BJA Justice Information Center at 1–877–927–5657, via e-mail at JIC@telesishq.com, or via live web chat at www.justiceinformationcenter.us. The BJA Justice Information Center hours of operation are 8:30 a.m. to 5:00 p.m. eastern time, Monday through Friday, and 8:30 a.m. to 8:00 p.m. eastern time on the solicitation close date.

Grants.gov number assigned to this announcement: BJA-2014-3838

National Training and Technical Assistance: Anti-Human Trafficking Training for Law Enforcement and State Prosecutors Program (CFDA #16.320)

Overview

The Anti-Human Trafficking Training for Law Enforcement and State Prosecutors Program, administered by BJA, is designed to provide national support and improve the capacity of state and local criminal justice systems to increase their capacity to investigate and prosecute the crime of Human Trafficking as defined by the Trafficking Victims Protection Act (TVPA) of 2000. BJA has provided anti-human trafficking training to law enforcement since 2005 and to state prosecutors since 2011. The statutory authority for this program is 22 U.S.C. § 7105(b)(2).

The purpose of this FY 2014 competitive funding announcement is to select a provider to deliver nationwide, anti-human trafficking training and technical assistance (TTA) services to law enforcement agencies as well as state prosecutors who are increasingly seeing human trafficking cases but are unprepared to work with victims and/or prosecute the crime. These services include, but are not limited to, training sessions and educational sessions developed and conducted by relevant subject matter experts. The selected TTA provider will provide training upon request to law enforcement agencies and state prosecutors, to more effectively address human trafficking within their jurisdictions and across jurisdictions.

This grant announcement specifically requests applications for a nationwide TTA assistance provider; it does not solicit applications from individual jurisdictions to establish state and local anti-human trafficking training projects.

Deadlines: Registration and Application

Applicants must register with Grants.gov prior to submitting an application. OJP encourages applicants to register several weeks before the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date. The deadline to apply for funding under this announcement is 11:59 p.m. eastern time on May 13, 2014. See “How to Apply” on page 17 for details.

Eligibility

Refer to the title page for eligibility under this program.

National Training and Technical Assistance: Anti-Human Trafficking Training for Law Enforcement and Prosecutors Program—Specific Information

To address the problem of human trafficking in the United States, Congress passed and the President signed into law the Trafficking Victims Protection Act (TVPA) of 2000 (22 U.S.C. § 7101 et. seq.), which was amended by the Trafficking Victims Protection Reauthorization

Since FY 2004, BJA and the Office for Victims of Crime (OVC) have worked collaboratively to utilize funds appropriated through the TVPA to implement a multidisciplinary anti-human trafficking task force model designed to combat human trafficking by identifying, rescuing, and restoring victims; investigating and prosecuting trafficking crimes; and building awareness about trafficking in the surrounding community. To date, BJA and its partners have developed training for law enforcement, state prosecutors, state judges, and tribal law enforcement to provide awareness of human trafficking as well as advanced skills on how to investigate cases of human trafficking. BJA-funded efforts in this area can be found at: www.umcpi.org/Services/Nationalinitiatives/HumanTrafficking.aspx.

Through this FY 2014 solicitation, BJA seeks to continue the delivery of:

- Human trafficking training for prosecutors- to increase the capacity of state prosecutors to successfully prosecute perpetrators of trafficking.
- Advanced human trafficking training for law enforcement – to increase the capacity of law enforcement to investigate, identify and rescue victims of all forms of human trafficking. This training should reflect advanced investigative techniques and tools for law enforcement.
- Technical assistance to human trafficking task forces, law enforcement and prosecutors.

BJA is seeking training that has already been developed and proven, and is not looking to fund the development of new training.

**Goals, Objectives, and Deliverables**

The overall goals of the TTA funded under this FY 2014 Anti-Human Trafficking Training for Law Enforcement and State Prosecutors solicitation are to:

1. Enhance law enforcement and state prosecutors’ understanding of the crime of human trafficking, the unique needs of human trafficking victims, and the need for a victim-centered approach to investigation and prosecution of human trafficking.

2. Enhance the capacity of law enforcement, local partners, and state prosecutors to address the crime of human trafficking.

3. Enhance the ability of law enforcement to identify and rescue victims of all forms of human trafficking, as defined by the TVPA.

4. Enhance the ability of law enforcement to collaborate with federal, state, and local prosecutors; give law enforcement the skills, tools, technical knowledge to investigate and prosecute human trafficking to support the prosecution of trafficking crimes; and give state prosecutors the skills, tools, and technical knowledge to prosecute human trafficking.
Objectives and Deliverables

- Deliver up to 16 training sessions that will increase the knowledge of law enforcement and state prosecutors in understanding, investigating, and prosecuting the crime of human trafficking. Additionally, the training should increase the knowledge of law enforcement and state prosecutors in understanding the unique needs of human trafficking victims and the need for victim-centered prosecution. The training locations will be determined by both the TTA provider and BJA.

- Perform curriculum revisions on ongoing bases to ensure relevancy to and meet the needs of the field.

- Develop supporting materials and resources to meet the above goals.

- Provide technical assistance to human trafficking task forces, and jurisdictions addressing human trafficking issues.

BJA TTA providers are required to coordinate all TTA activities with BJA’s National Training and Technical Assistance Center (NTTAC). The successful applicant will be required to comply with NTTAC protocols in order to ensure coordinated delivery of services among TTA providers and effective use of BJA TTA grant funding. BJA reserves the right to reasonably modify these protocols at any time at its discretion.

The TTA provider will be required to participate in BJA’s GrantStat for specified grantees. Through GrantStat, BJA management and staff examine the performance of the grant programs funded by BJA by tracking grantee or program performance along several key indicators. GrantStat calls for the collection and analysis of performance data and other relevant grant-level information that enables BJA as well as our TTA partners to be held accountable for the grantee’s and program’s performance as measured against the program’s goals and objectives.

The TTA provider will also be required to work with other federal partners, such as OVC and the OVC Training and Technical Assistance Center and the Department of Homeland Security and its “Blue Campaign” (see www.dhs.gov/end-human-trafficking).

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- improving the quantity and quality of evidence OJP generates;
- integrating evidence into program, practice, and policy decisions within OJP and the field; and
- improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or
intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. OJP’s CrimeSolutions.gov Web site is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

Amount and Length of Awards

BJA anticipates that it will make one (1) award of up to $400,000 for a 24-month project period. The project start date should be on or after October 1, 2014.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Budget Information

Limitation on Use of Award Funds for Employee Compensation; Waiver

With respect to any award of more than $250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the Federal Government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2014 salary table for SES employees is available at www.opm.gov/salary-tables. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual’s specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual’s salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully – before submitting an application – the OJP policy and guidance on “conference” approval, planning, and reporting available at www.ojp.gov/funding/confcost.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most such costs for cooperative agreement recipients and of some such costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.
**Costs Associated with Language Assistance (if applicable)**

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section of the OJP "Other Requirements for OJP Applications" web page at [www.ojp.usdoj.gov/funding/other_requirements.htm](http://www.ojp.usdoj.gov/funding/other_requirements.htm).

**Match Requirement**

This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

**Performance Measures**

To assist the Department with fulfilling its responsibilities under the Government Performance and Results Act (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111-352, applicants that receive funding under this solicitation must provide data that measure the results of their work done under this solicitation. Post award, recipients will be required to submit quarterly performance metrics through BJA’s online Training and Technical Assistance Reporting System (TTARS), located at [www.bjatools.org](http://www.bjatools.org). Applicants should review the BJA training and technical assistance reporting matrix at: [https://ttars.bjatools.org/hta2/View/BJATTARSReportingMatrix.pdf](https://ttars.bjatools.org/hta2/View/BJATTARSReportingMatrix.pdf).

OJP does not require applicants to submit performance measures data with their applications. Instead, applicants should discuss in their application their proposed methods for collecting data for performance measures. Refer to the section "What an Application Should Include" on page 9 for additional information.

**Note on Project Evaluations**

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements likely do not constitute “research.” Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” 28 C.F.R. § 46.102(d). For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the “Research and the Protection of Human Subjects” section of the OJP “Other Requirements for OJP Applications” web page ([www.ojp.usdoj.gov/funding/other_requirements.htm](http://www.ojp.usdoj.gov/funding/other_requirements.htm)). Applicants whose proposals may involve
a research or statistical component also should review the “Confidentiality” section on that Web page.

**What an Application Should Include**

Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, or that do not include the application elements that BJA has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, BJA has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative. Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it must contain both narrative and detail information.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all attachments. Also, OJP recommends that applicants include resumes in a single file.

1. **Information to Complete the Application for Federal Assistance (SF-424)**
   The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and OJP’s Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

2. **Project Abstract**
   Applicants should provide a one-page abstract identifying the applicant’s name, title of the project, and dollar amount requested. The abstract should include goals of the project, a description of the strategies to be used, a numerical listing of key/major deliverables, and coordination plans.

   Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

   - Written for a general public audience.
   - Submitted as a separate attachment with “Project Abstract” as part of its file name.
   - Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins.

   As a separate attachment, the project abstract will not count against the page limit for the program narrative.

   All project abstracts should follow the detailed template available at [www.ojp.usdoj.gov/funding/Project_Abstract_Template.pdf](http://www.ojp.usdoj.gov/funding/Project_Abstract_Template.pdf).
Permission to Share Project Abstract with the Public: It is unlikely that BJA will be able to fund all promising applications submitted under this solicitation, but it may have the opportunity to share information with the public regarding promising but unfunded applications, for example, through a listing on a webpage available to the public. The intent of this public posting would be to allow other possible funders to become aware of such proposals.

In the project abstract template, applicants are asked to indicate whether they give OJP permission to share their project abstract (including contact information) with the public. Granting (or failing to grant) this permission will not affect OJP’s funding decisions, and, if the application is not funded, granting permission will not guarantee that abstract information will be shared, nor will it guarantee funding from any other source.

Note: OJP may choose not to list a project that otherwise would have been included in a listing of promising but unfunded applications, should the abstract fail to meet the format and content requirements noted above and outlined in the project abstract template.

3. Program Narrative
Applicants must submit a program narrative that is responsive to the solicitation and the requirements outlined below.

The program narrative should be double-spaced, using a standard 12-point font (Times New Roman preferred); have no less than 1-inch margins; and should not exceed 15 pages. Pages should be numbered “1 of 15,” “2 of 15,” etc.

If the program narrative fails to comply with these length-related restrictions, noncompliance may be considered in peer review and in final award decisions.

The following sections should be included as part of the program narrative.

a. Statement of the Problem

b. Project Design and Implementation

c. Capabilities and Competencies

d. Plan for Collecting the Data Required for this Solicitation’s Performance Measures
BJA does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that BJA will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

4. Budget Detail Worksheet and Budget Narrative

a. Budget Detail Worksheet
A sample Budget Detail Worksheet can be found at www.ojp.gov/funding/forms/budget_detail.pdf. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet.
For questions pertaining to budget and examples of allowable and unallowable costs, see the OJP Financial Guide at www.ojp.usdoj.gov/financialguide/index.htm.

b. Budget Narrative
The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

c. Non-Competitive Procurement Contracts In Excess of Simplified Acquisition Threshold
If an applicant proposes to make one or more non-competitive procurements of products or services, where the non-competitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at $150,000, the application should address the considerations outlined in the OJP Financial Guide.

5. Indirect Cost Rate Agreement (if applicable)
Indirect costs are allowed only if the applicant has a federally approved indirect cost rate. (This requirement does not apply to units of local government.) Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant’s accounting system permits, costs may be allocated in the direct cost categories. For assistance with identifying your cognizant agency, please contact the Customer Service Center at 1-800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at www.ojp.usdoj.gov/funding/pdfs/indirect_costs.pdf.

6. Tribal Authorizing Resolution (if applicable)
Tribes, tribal organizations, or third parties proposing to provide direct services or assistance to residents on tribal lands should include in their applications a resolution, a letter, affidavit, or other documentation, as appropriate, that certifies that the applicant has the legal authority from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for a grant on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance.
under the grant. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

7. Additional Attachments

a. Timeline
   Include a comprehensive timeline that identifies milestones, numerically listed deliverables, and who is responsible for each activity.

b. Applicant Disclosure of Pending Applications
   Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to State agencies that will subaward federal funds).

   OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

   Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:
   - the federal or state funding agency
   - the solicitation name/project name
   - the point of contact information at the applicable funding agency.

<table>
<thead>
<tr>
<th>Federal or State Funding Agency</th>
<th>Solicitation Name/Project Name</th>
<th>Name/Phone/E-mail for Point of Contact at Funding Agency</th>
</tr>
</thead>
<tbody>
<tr>
<td>DOJ/COPS</td>
<td>COPS Hiring Program</td>
<td>Jane Doe, 202/000-0000; <a href="mailto:jane.doe@usdoj.gov">jane.doe@usdoj.gov</a></td>
</tr>
<tr>
<td>HHS/ Substance Abuse &amp; Mental Health Services Administration</td>
<td>Drug Free Communities Mentoring Program/ North County Youth Mentoring Program</td>
<td>John Doe, 202/000-0000; <a href="mailto:john.doe@hhs.gov">john.doe@hhs.gov</a></td>
</tr>
</tbody>
</table>

   Applicants should include the table as a separate attachment, with the file name “Disclosure of Pending Applications,” to their application. Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., “[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.”).

BJA-2014-3838
c. Research and Evaluation Independence and Integrity

If a proposal involves research and/or evaluation, regardless of the proposal's other merits, in order to receive funds, the applicant must demonstrate research/evaluation independence, including appropriate safeguards to ensure research/evaluation objectivity and integrity.

For purposes of this solicitation, research and evaluation independence and integrity pertains to ensuring that the design, conduct, or reporting of research and evaluation funded by BJA grants, cooperative agreements, or contracts will not be biased by any personal or financial conflict of interest on the part of the investigators responsible for the research and evaluation or on the part of the applicant organization. Conflicts can be either actual or apparent. Examples of potential investigator (or other personal) conflict situations may include those in which an investigator would be in a position to evaluate a spouse’s work product (actual conflict), or an investigator would be in a position to evaluate the work of a former colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization could not be given a grant to evaluate a project if that organization had itself provided substantial prior technical assistance to that project, as the organization in such an instance would appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability is a problem.

In the attachment dealing with research and evaluation independence and integrity, the applicant should explain the process and procedures that the applicant has put in place to identify and eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients. It should also identify any potential organizational conflicts of interest on the part of the applicant with regard to the proposed research/evaluation. If the applicant reasonably believes that no potential personal or organizational conflicts of interest exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest.

For situations in which potential personal or organizational conflicts of interest exist, in the attachment, the applicant should identify the safeguards the applicant has or will put in place to eliminate, mitigate, or otherwise address those conflicts of interest.

Considerations in assessing research and evaluation independence and integrity will include, but may not be limited to, the adequacy of the applicant’s efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the organization in carrying out the research, development, or evaluation activity; and the adequacy of the applicant’s existing or proposed remedies to control any such factors.

8. Accounting System and Financial Capability Questionnaire

Any applicant (other than an individual) that is a non-governmental entity and that has not received any award from OJP within the past 3 years must download, complete, and submit this form.
Selection Criteria

The following five selection criteria will be used to evaluate each application, with the different weight given to each based on the percentage value listed below after each individual criteria. For example, for the first criteria, “Statement of the Problem,” this section is worth 15 percent of the entire application in the review process.

1. **Statement of the Problem (15 percent of 100)**
   Provide an overview of the crime of human trafficking. Describe generally both successes and challenges to preventing, investigating, and prosecuting the crime and how such challenges/successes inform the training requested in this grant announcement and proposed in the application. Describe specifically the need for anti-human trafficking training and technical assistance as it relates to advanced investigations techniques and technical assistance among and across local jurisdictions for law enforcement and federal/state/local law enforcement collaboration, as well as the need for anti-human trafficking training and technical assistance as it relates to state prosecutors, in an effort to achieve results as described in this grant announcement.

2. **Project Design and Implementation (40 percent of 100)**
   Describe project strategy that is linked to the specific goals and deliverables previously listed in this grant announcement. Include a comprehensive timeline that identifies milestones, numerically listed deliverables, and who is responsible for each activity. Discuss the applicant's current curriculum, how it addresses anti-human trafficking advanced investigations for law enforcement, and how the training for state prosecutors assists in successful prosecutions of traffickers. Describe how the training and technical assistance encompasses data-driven and evidence-based practices. Describe how the applicant will identify and assess training and technical assistance needs for individual grantee sites as well as for the general law enforcement. Explain how the applicant will work with law enforcement agencies and state prosecutors to promote and sustain anti-human trafficking enforcement activities.

3. **Capabilities and Competencies (30 percent of 100)**
   Fully describe capabilities and the competencies of the staff assigned to develop and deliver training and technical assistance nationwide as outlined in the Goals, Objectives, and Deliverables section of this solicitation. Applicants must have experience in developing and delivering introductory and advanced anti-human trafficking training curricula and programming to law enforcement and state prosecutor audiences; providing technical assistance on a range of anti-human trafficking-related issues; and serving as a resource evidence-based practices to practitioners and the law enforcement community in the area of human trafficking investigation and prosecution. The applicant must demonstrate capacity to deliver training and technical assistance services on a national basis.

4. **Plan for Collecting the Data Required for this Solicitation's Performance Measures (5 percent of 100)**
   Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurement, and how the information will be used to guide and assess the program. Describe process to accurately report implementation findings.
5. **Budget (10 percent of 100)**

Provide a proposed budget for the entire project period that is complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should generally demonstrate how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to the goals of the project. ¹

### Review Process

OJP is committed to ensuring a fair and open process for awarding grants. BJA reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. BJA may use internal peer reviewers, external peer reviewers, or a combination, to review the applications. An external peer reviewer is an expert in the subject matter of a given solicitation who is NOT a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding.

The Office of the Chief Financial Officer, in consultation with BJA, reviews applications for potential discretionary awards to evaluate the fiscal integrity and financial capability of applicants, examines proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and determines whether costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding when making awards.

### Additional Requirements

Applicants selected for awards must agree to comply with additional legal requirements upon acceptance of an award. OJP encourages applicants to review the information pertaining to these additional requirements prior to submitting an application. Additional information for each requirement can be found at [www.ojp.usdoj.gov/funding/other_requirements.htm](http://www.ojp.usdoj.gov/funding/other_requirements.htm).

- **Civil Rights Compliance**
- **Civil Rights Compliance Specific to State Administering Agencies**

¹ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

How to Apply

Applicants must register in, and submit applications through Grants.gov, a “one-stop storefront” to find federal funding opportunities and apply for funding. Find complete instructions on how to
register and submit an application at www.Grants.gov. Applicants that experience technical
difficulties during this process should call the Grants.gov Customer Support Hotline at 800-518-
4726 or 606–545–5035, 24 hours a day, 7 days a week, except federal holidays. Registering
with Grants.gov is a one-time process; however, processing delays may occur, and it can
take several weeks for first-time registrants to receive confirmation and a user password. OJP
encourages applicants to register several weeks before the application submission deadline.
In addition, OJP urges applicants to submit applications 72 hours prior to the application due
date to allow time to receive validation messages or rejection notifications from Grants.gov, and
to correct in a timely fashion any problems that may have caused a rejection notification.

BJA strongly encourages all prospective applicants to sign up for Grants.gov email notifications
regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with
Grants.gov for updates will be notified.

Note on File Names and File Types: Grants.gov only permits the use of certain specific
characters in names of attachment files. Valid file names may include only the characters
shown in the table below. Grants.gov is designed to reject any application that includes
an attachment(s) with a file name that contains any characters not shown in the table
below. Grants.gov is designed to forward successfully submitted applications to OJP’s
Grants Management System (GMS).

<table>
<thead>
<tr>
<th>Characters</th>
<th>Special Characters</th>
</tr>
</thead>
<tbody>
<tr>
<td>Upper case (A – Z)</td>
<td>Parenthesis ( )</td>
</tr>
<tr>
<td>Lower case (a – z)</td>
<td>Ampersand (&amp;)</td>
</tr>
<tr>
<td>Underscore (__  )</td>
<td>Comma (, )</td>
</tr>
<tr>
<td>Hyphen  (-  )</td>
<td>At sign (@)</td>

<tr>
<td>Space</td>
<td>Percent sign (%)</td>
</tr>
<tr>
<td>Period (.  )</td>
<td>When using the ampersand (&amp;) in XML, applicants must use the “&amp;” format.</td>
</tr>
</tbody>
</table>

GMS does not accept executable file types as application attachments. These disallowed
file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,”
“.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications
with files that use these extensions. It is important to allow time to change the type of file(s) if
the application is rejected.

All applicants are required to complete the following steps:

1. Acquire a Data Universal Numbering System (DUNS) number. In general, the Office of
   Management and Budget requires that all applicants (other than individuals) for federal
   funds include a DUNS number in their applications for a new award or a supplement to an
   existing award. A DUNS number is a unique nine-digit sequence recognized as the
   universal standard for identifying and differentiating entities receiving federal funds. The
   identifier is used for tracking purposes and to validate address and point of contact
   information for federal assistance applicants, recipients, and subrecipients. The DUNS
   number will be used throughout the grant life cycle. Obtaining a DUNS number is a free,
   one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or
   apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.

2. Acquire registration with the System for Award Management (SAM). SAM is the
   repository for standard information about federal financial assistance applicants, recipients,
and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must update or renew their SAM registration annually to maintain an active status.

Applications cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. The information transfer from SAM to Grants.gov can take up to 48 hours. OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at www.sam.gov.

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. The applicant organization’s DUNS number must be used to complete this step. For more information about the registration process, go to www.grants.gov/applicants/get_registered.jsp.

4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization’s AOR. Note that an organization can have more than one AOR.

5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.320, titled “Services for Trafficking Victims,” and the funding opportunity number is BJA-2014-3838.

6. **Complete the Disclosure of Lobbying Activities.** All applicants must complete this information. Applicants that expend any funds for lobbying activities must provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities should enter “N/A” in the required highlighted fields.

7. **Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive an e-mail validation message from Grants.gov. The message will state whether the application has been received and validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges applicants to submit applications at least 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

Click [here](#) for further details on DUNS, SAM, and Grants.gov registration steps and timeframes.

**Note: Duplicate Applications**
If an applicant submits multiple versions of an application, BJA will review only the most recent valid version submitted.
Experiencing Unforeseen Grants.gov Technical Issues
Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the BJA contact identified in the Contact Information section on 2 within 24 hours after the application deadline and request approval to submit their application. The e-mail must describe the technical difficulties, and include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). Note: BJA does not automatically approve requests. After the program office reviews the submission, and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant’s request to submit their application.

The following conditions are generally insufficient to justify late submissions:
- failure to register in SAM or Grants.gov in sufficient time
- failure to follow Grants.gov instructions on how to register and apply as posted on its Web site
- failure to follow each instruction in the OJP solicitation
- technical issues with the applicant’s computer or information technology environment, including firewalls.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding web page at www.ojp.usdoj.gov/funding/solicitations.htm.

Provide Feedback to OJP
To assist OJP in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

IMPORTANT: This e-mail is for feedback and suggestions only. Replies are not sent from this mailbox. If you have specific questions on any program or technical aspect of the solicitation, you must directly contact the appropriate number or e-mail listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please e-mail your resume to ojppeerreview@lmbps.com. The OJP Solicitation Feedback email account will not forward your resume. Note: Neither you nor anyone else from your organization can be a peer reviewer in a competition in which you or your organization have submitted an application.
Application Checklist
FY 2014 National Training and Technical Assistance: Anti-Human Trafficking
Training for Law Enforcement and Prosecutors Program

This application checklist has been created to assist in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:
_____ Acquire a DUNs Number (see page 17)
_____ Acquire or renew registration with SAM (see page 17)

To Register with Grants.gov:
_____ Acquire AOR and Grants.gov username/password (see page 18)
_____ Acquire AOR confirmation from the E-Biz POC (see page 18)

To Find Funding Opportunity:
_____ Search for the funding opportunity on Grants.gov (see page 18)
_____ Download Funding Opportunity and Application Package (see page 18)
_____ Sign up for Grants.gov email notifications (optional) (see page 17)
_____ Read Important Notice: Applying for Grants in Grants.gov

General Requirements:
_____ Review “Other Requirements” web page

Scope Requirement:
_____ The federal amount requested is within the allowable limit(s) of $400,000

Eligibility Requirement: Eligible applicants are limited to national, regional, state, or local public and private entities, including for-profit (commercial) and nonprofit organizations (including tribal for-profit or nonprofit organizations), faith-based and community organizations, institutions of higher education (including tribal institutions of higher education), tribal jurisdictions, and units of local government (including federally recognized Indian tribal governments as determined by the Secretary of the Interior).

What an Application Should Include:

_____ Application for Federal Assistance (SF-424) (see page 9)
_____ Project Abstract (see page 9)
_____ *Program Narrative (see page 10)
_____ *Budget Detail Worksheet (see page 10)
_____ *Budget Narrative (see page 11)
____ Employee Compensation Waiver request and justification (if applicable) (see page 7)
_____ Read OJP policy and guidance on “conference” approval, planning, and reporting available at www.ojp.gov/funding/confcost.htm (see page 7)
_____ Disclosure of Lobbying Activities (SF-LLL) (see page 18)
_____ Indirect Cost Rate Agreement (if applicable) (see page 11)
_____ Tribal Authorizing Resolution (if applicable) (see page 11)
_____ Additional Attachments

_____ Timeline (see page 12)

_____ Applicant Disclosure of Pending Applications (see page 12)

_____ Research and Evaluation Independence and Integrity (see page 13)

_____ Accounting System and Financial Capability Questionnaire (if applicable) (see page 13)

* NOTE: These elements are the basic minimum requirements for applications. Applications that do not include these elements shall neither proceed to peer review nor receive further consideration by BJA.
