The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA) is seeking applications for The Intellectual Property Enforcement Program: Protecting Public Health, Safety and the Economy from Counterfeit Goods and Product Piracy. This program furthers the Department’s mission by assisting state and local jurisdictions in preventing and reducing intellectual property theft and related crime.

The Intellectual Property Enforcement Program:
Protecting Public Health, Safety, and the Economy from Counterfeit Goods and Product Piracy
FY 2016 Competitive Grant Announcement
Applications Due: March 28, 2016

Eligibility

Eligible applicants are limited to state, local, and federally recognized Indian tribal governments (as determined by the Secretary of the Interior), and municipal law enforcement agencies, to include law enforcement agencies within institutions of higher education (including tribal institutions of higher education), and prosecutors.

For the purpose of this solicitation, the following definitions shall apply:

(A) “law enforcement” shall include state, local, tribal, municipal, or campus law enforcement agencies, to include prosecutors in these jurisdictions.

(B) “intellectual property enforcement” means matters relating to the enforcement of criminal laws protecting copyrights, patents, trademarks, other forms of intellectual property (IP), and trade secrets, both in the United States and abroad, including in particular matters relating to combating counterfeit and infringing goods.

BJA welcomes applications that involve two or more entities that will carry out the funded federal award activities; however, one eligible entity must be the applicant and the others must be proposed as subrecipients. BJA will not fund separate applications from different agencies within the same jurisdiction under this solicitation (i.e., a law enforcement agency and prosecutor agency within the same jurisdiction). In these cases, BJA encourages these agencies to form task force partnerships and submit one application for the entire jurisdiction. The applicant must be the entity with primary responsibility for conducting and leading the project.

BJA may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on the merit of the applications and on the availability of appropriations.
Deadline

Applicants must register with Grants.gov prior to submitting an application. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on March 28, 2016.

All applicants are encouraged to read this Important Notice: Applying for Grants in Grants.gov.

For additional information, see How to Apply in section D. Application and Submission Information.

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via e-mail to support@grants.gov. The Grants.gov Support Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the BJA contact identified below within 24 hours after the application deadline and request approval to submit their application. Additional information on reporting technical issues is found under “Experiencing Unforeseen Grants.gov Technical Issues” in the How to Apply section.

For assistance with any other requirement of this solicitation, contact the National Criminal Justice Reference Service (NCJRS) Response Center: toll-free at 800-851-3420; via TTY at 301-240-6310 (hearing impaired only); email grants@ncjrs.gov; fax to 301-240-5830; or web chat at https://webcontact.ncjrs.gov/ncjchat/chat.jsp. The NCJRS Response Center hours of operation are 10:00 a.m. to 6:00 p.m. eastern time, Monday through Friday, and 10:00 a.m. to 8:00 p.m. eastern time on the solicitation close date.

Grants.gov number assigned to this announcement: BJA-2016-9111

A. Program Description

Overview

The Intellectual Property Enforcement Program (IPEP), administered by BJA, is designed to provide national support and improve the capacity of state, local, and tribal criminal justice systems to address IP enforcement, including prosecution, prevention, training, and technical assistance. Awards will be made by BJA to support law enforcement agencies in coordinating the goals, objectives, and activities of their IP enforcement task forces in close collaboration with the relevant state, local, tribal, and federal agencies, to include local U.S. Attorney’s Offices (USAOs). This program is generally informed by section 401 of Public Law 110–403, which authorizes DOJ to provide funding to support state and local IP enforcement efforts.

Program-Specific Information

Background

The increasing perpetration of illegal and damaging acts of IP theft not only costs the U.S. economy tens of billions of dollars per year, deprives individuals of their livelihoods, and poses a public safety and health threat, but research has shown that IP crimes are closely related to and support other crimes, including violent crime. A report by the Rand Corporation found that “Counterfeiting is widely used to generate cash for diverse criminal organizations. In the case of DVD film piracy, criminal groups are moving to control the entire supply chain, from manufacture to distribution to street sales, consolidating power over this lucrative black market and building substantial wealth and influence in virtually every region of the globe. Counterfeiting is a threat not only to the global information economy, but also to public safety and national security.”1

The Intellectual Property Task Force focuses on strengthening efforts to combat IP theft through close coordination with state and local law enforcement partners as well as international counterparts. The Intellectual Property Task Force supports the Department’s effort to aggressively investigate and prosecute a wide range of IP crimes, with a particular focus on (1) public health and safety; (2) theft of trade secrets and economic espionage; and (3) large scale commercial counterfeiting and piracy. The Department places a special emphasis on the investigation and prosecution of IP crimes that are committed or facilitated by cyber-enabled means or perpetrated by organized criminal networks. The current activities of the Intellectual Property Task Force are detailed at www.justice.gov/iptf. In June 2013, the White House’s Office of the U.S. Intellectual Property Enforcement Coordinator (IPEC) released the 2013 Joint Strategic Plan on Intellectual Property Enforcement. This document catalogs the extensive activities undertaken by federal agencies to increase IP protection and enforcement since the dual establishment of the IPEC in 2010, and may be found at www.whitehouse.gov/omb/intellectualproperty/.

Projects Solicited under this Grant Announcement

The improved coordination of IP enforcement efforts among federal, state, and local authorities is a central goal of the Strategic Plan and is of primary importance to DOJ. As a result, projects funded under this solicitation must align with the mission of the DOJ IP Task Force, and establish and/or enhance state and local IP enforcement task forces that include relevant law enforcement agencies and federal agencies (to include, where appropriate, local offices of the Federal Bureau of Investigation [FBI], U.S. Immigration and Customs Enforcement’s Homeland Security Investigation [ICE HSI], and U.S. Attorneys). Applicants must document a plan to conduct regularly scheduled meetings of the task force members to update, discuss, and collaborate on IP investigations, prosecutions, and training and public awareness activities. These meetings must be held at least quarterly, and must be included on the time-task plan for applicant agencies. The information to be shared through these task forces must include information about targeting, investigation, analysis, and prosecution of matters involving IP crimes as it relates to violations of state and local criminal statutes. Of particular interest to DOJ are proposals that are intended to address—in close coordination with federal law enforcement entities—IP theft that may be linked to organized crime; IP theft in the areas of trade secrets, health, and safety; and commercial online piracy and counterfeiting.

BJA encourages applications that demonstrate a jurisdiction’s holistic commitment to the prevention of IP theft through public education and outreach, enforcement of IP criminal statutes, and prosecution of violators. In addition, law enforcement agencies who propose to conduct training, technical assistance, and outreach must also engage in IP theft enforcement efforts.

Goals, Objectives, and Deliverables

The specific focus of this program is to support criminal investigation, prosecution, prevention, and education as it relates to IP theft enforcement. IP task forces supported under this program will conduct proactive investigations of IP crimes within each task force location in coordination and collaboration with local, state, tribal, regional, and federal law enforcement and regulatory agencies. These task forces are encouraged to enhance community capacity to identify and report IP theft by conducting training, public awareness, and outreach activities. Priority consideration will be given to applicants who include all of the following permissible activities in their project plan:

- Establish or expand existing IP enforcement task forces to include state, local, or tribal law enforcement entities, and to exclusively conduct investigations and forensic analyses of evidence and prosecutions in matters involving criminal laws related to IP theft. Agencies are strongly encouraged to engage in sustainability planning before proposing to create a new task force for IP theft enforcement.

- Establish or expand existing IP enforcement task forces to include state, local, or tribal law enforcement entities with a concentrated focus on counterfeit goods that pose a threat to human health and safety.

- Assist state, local, and tribal IP enforcement task force member agencies in enforcing criminal laws related to IP theft, including the reimbursement of expenses incurred in performing criminal enforcement operations, such as overtime payments and storage fees for seized evidence.
• Support state, local, and tribal IP enforcement task force member agencies, in conjunction with their enforcement efforts, in reaching out to and educating the general public and businesses to prevent, deter, and identify criminal violations of IP laws. Agencies engaged in public education efforts should use existing public awareness materials and resources available from BJA’s national IP public awareness campaign, and share and coordinate these and any additional materials created by these efforts with BJA’s national public awareness campaign provider. More information about BJA’s national IP public awareness campaign can be found at www.ncpc.org/getreal.

• Assist state, local, and tribal IP enforcement task force member agencies in acquiring and implementing technology to conduct investigations and forensic analyses of evidence in matters involving criminal laws related to IP theft.

• Ensure deconfliction\(^2\) of the participating agencies’ investigative and enforcement efforts. To this end, in addition to the coordination requirements as stated within this solicitation, agencies are encouraged to consider participating in the Regional Information Sharing Systems (RISS) “RISSafe” deconfliction system. More information on RISSafe can be found by contacting your regional RISS Center (www.riss.net/).

• Coordinate with local federal law enforcement field offices to focus investigation on leveraging systematic enablers to enhance their investigations by identifying the highest priority violations, the largest criminal enterprises, and instances of repeat offenders or efforts to evade law enforcement or private anti-counterfeiting efforts.

**Evidence-Based Programs or Practices**

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- Improving the quantity and quality of evidence OJP generates.
- Integrating evidence into program, practice, and policy decisions within OJP and the field.
- Improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. The [OJP CrimeSolutions.gov](http://OJP.CrimeSolutions.gov) website is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

\(^2\) For the purposes of this solicitation, “deconfliction” is defined as the sharing of information among law enforcement agencies about planned law enforcement events—such as raids, controlled buy operations, surveillance and warrant service actions—in order to identify and alert affected agencies and officers of potential conflicts.
B. Federal Award Information

BJA estimates that it will make six awards of up to $400,000 for a 24-month project period, beginning on October 1, 2016.

BJA may, in certain cases, provide supplemental funding in future years to awards under this solicitation. Important considerations in decisions regarding supplemental funding include, among other factors, the availability of funding, strategic priorities, assessment of the quality of the management of the award (for example, timeliness and quality of progress reports), and assessment of the progress of the work funded under the award.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Type of Award

BJA expects that it will make any award from this solicitation in the form of a grant.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including any recipient or subrecipient funded in response to this solicitation that is a pass-through entity) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303:

(a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the recipient (and any subrecipient) is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.

(c) Evaluate and monitor the recipient’s (and any subrecipient’s) compliance with statutes, regulations, and the terms and conditions of Federal awards.

(d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.

(e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the recipient (or any subrecipient) considers sensitive consistent with

---

3 See generally 31 U.S.C. §§ 6301-6305 (defines and describes various forms of federal assistance relationships, including grants and cooperative agreements [(a type of grant)]).
4 For purposes of this solicitation (or program announcement), “pass-through entity” includes any entity eligible to receive funding as a recipient or subrecipient under this solicitation (or program announcement) that, if funded, may make a subaward(s) to a subrecipient(s) to carry out part of the funded program.
applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

In order to better understand administrative requirements and cost principles, applicants are encouraged to enroll, at no charge, in the Department of Justice Grants Financial Management Online Training available [here](#).

**Budget Information**

**Cost Sharing or Matching Requirement**
This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

**Pre-Agreement Cost (also known as Pre-award Cost) Approvals**
Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the grant award.

OJP does not typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. If approved, pre-agreement costs could be paid from grant funds consistent with a grantee’s approved budget, and under applicable cost standards. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant. Generally, no applicant should incur project costs before submitting an application requesting federal funding for those costs. Should there be extenuating circumstances that appear to be appropriate for OJP’s consideration as pre-agreement costs, the applicant should contact the point of contact listed on the title page of this announcement for details on the requirements for submitting a written request for approval. See the section on Costs Requiring Prior Approval in the [Financial Guide](#), for more information.

**Limitation on Use of Award Funds for Employee Compensation; Waiver**
With respect to any award of more than $250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2016 salary table for SES employees is available at the Office of Personnel Management [website](#). Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.) For employees who charge only a portion of their time to an award, the allowable amount to be charged is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

---

5 This limitation on use of award funds does not apply to the non-profit organizations specifically named at Appendix VIII to 2 C.F.R. part 200.
The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual’s specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual’s salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs
OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully – before submitting an application – the OJP policy and guidance on conference approval, planning, and reporting available at www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most such costs for cooperative agreement recipients and of some such costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)
If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the “Civil Rights Compliance” section under “Solicitation Requirements” in the OJP Funding Resource Center.

C. Eligibility Information

For additional eligibility information, see title page.

For additional information on cost sharing or matching requirements, see Section B. Federal Award Information.

Limit on Number of Application Submissions
If an applicant submits multiple versions of the same application, BJA will review only the most recent system-validated version submitted. For more information on system-validated versions, see How to Apply.

D. Application and Submission Information

What an Application Should Include
Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, or that do not include the application elements that BJA has designated to be critical, will neither proceed to peer review nor receive further
consideration. Under this solicitation, BJA has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative. Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it must contain both narrative and detail information. Please review the “Note on File Names and File Types” under How to Apply to be sure applications are submitted in permitted formats.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Résumés”) for all attachments. Also, OJP recommends that applicants include résumés in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and OJP’s Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

Intergovernmental Review: This funding opportunity is subject to Executive Order 12372. Applicants may find the names and addresses of their state’s Single Point of Contact (SPOC) at the following website: www.whitehouse.gov/omb/grants_spoC/. Applicants whose state appears on the SPOC list must contact their state’s SPOC to find out about, and comply with, the state’s process under Executive Order 12372. In completing the SF-424, applicants whose state appears on the SPOC list are to make the appropriate selection in response to question 19 once the applicant has complied with their state’s E.O. 12372 process. (Applicants whose state does not appear on the SPOC list are to make the appropriate selection in response to question 19 to indicate that the “Program is subject to E.O. 12372 but has not been selected by the State for review.”)

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be:

- Written for a general public audience.
- Submitted as a separate attachment with “Project Abstract” as part of its file name.
- Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins.

As a separate attachment, the project abstract will not count against the page limit for the program narrative.

All project abstracts should follow the detailed template available at ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf.

Permission to Share Project Abstract with the Public: It is unlikely that BJA will be able to fund all promising applications submitted under this solicitation, but it may have the opportunity to share information with the public regarding promising but unfunded applications, for example, through a listing on a web page available to the public. The intent
of this public posting would be to allow other possible funders to become aware of such proposals.

In the project abstract template, applicants are asked to indicate whether they give OJP permission to share their project abstract (including contact information) with the public. Granting (or failing to grant) this permission will not affect OJP’s funding decisions, and, if the application is not funded, granting permission will not guarantee that abstract information will be shared, nor will it guarantee funding from any other source.

**Note:** OJP may choose not to list a project that otherwise would have been included in a listing of promising but unfunded applications, should the abstract fail to meet the format and content requirements noted above and outlined in the project abstract template.

### 3. Program Narrative

The program narrative must respond to the Selection Criteria in the order given. Applications are peer reviewed and scored on answers to the Selection Criteria. The program narrative should be double-spaced, using standard 12-point font (Times New Roman is preferred) with 1-inch margins, and should not exceed 15 pages. Number pages “1 of 15,” “2 of 15,” etc.

If the program narrative fails to comply with these length-related restrictions, BJA may consider such noncompliance in peer review and in final award decisions.

The following sections should be included as part of the program narrative:

a. Statement of the Problem
b. Project Design and Implementation
c. Capabilities and Competencies
d. Plan for Collecting the Data Required for this Solicitation’s Performance Measures

To demonstrate program progress and success, as well as to assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111–352, applicants that receive funding under this solicitation must regularly provide data to measure the results of their work done under this solicitation. Post award, recipients will be required to submit quarterly performance metrics through BJA’s online Performance Measurement Tool (PMT), located at [www.bjaperformancetools.org](http://www.bjaperformancetools.org). Applicants should review the complete list of the Intellectual Property Enforcement Program performance measures at: [https://www.bjaperformancetools.org/help/IPEPgrid.pdf](https://www.bjaperformancetools.org/help/IPEPgrid.pdf)

BJA does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that BJA will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

**Note on Project Evaluations**

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for
purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements, likely do not constitute “research.” Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” 28 C.F.R. § 46.102(d). For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the “Research and the Protection of Human Subjects” section of the OJP Funding Resource Center web page (www.ojp.gov/funding/Explore/SolicitationRequirements/EvidenceResearchEvaluationRequirements.htm). Applicants whose proposals may involve a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that web page.

4. Budget Detail Worksheet and Budget Narrative

a. Budget Detail Worksheet
A sample Budget Detail Worksheet can be found at www.ojp.gov/funding/Apply/Resources/BudgetDetailWorksheet.pdf. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should be broken down by year.

For questions pertaining to budget and examples of allowable and unallowable costs, see the Financial Guide at http://www.ojp.gov/financialguide/DOJ/index.htm.

b. Budget Narrative
The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the budget narrative should be broken down by year.

c. Non-Competitive Procurement Contracts In Excess of Simplified Acquisition Threshold
If an applicant proposes to make one or more non-competitive procurements of products or services, where the non-competitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at $150,000, the application should address the considerations outlined in the [Financial Guide](#).

d. Pre-Agreement Cost Approvals
For information on pre-agreement costs, see Section B. Federal Award Information.

5. Indirect Cost Rate Agreement (if applicable)
Indirect costs are allowed only under the following circumstances:

(a) The applicant has a current, federally approved indirect cost rate; or

(b) The applicant is eligible to use and elects to use the “de minimis” indirect cost rate described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.414(f).

Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant’s accounting system permits, costs may be allocated in the direct cost categories. For the definition of Cognizant Federal Agency, see the “Glossary of Terms” in the [Financial Guide](#). For assistance with identifying your cognizant agency, please contact the Customer Service Center at 1-800-458-0786 or at [ask.ocfo@usdoj.gov](mailto:ask.ocfo@usdoj.gov). If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at [http://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf](http://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf).

In order to use the “de minimis” indirect rate, attach written documentation to the application that advises OJP of both the applicant’s eligibility (to use the “de minimis” rate) and its election. If the applicant elects the “de minimis” method, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. In addition, if this method is chosen then it must be used consistently for all federal awards until such time as you choose to negotiate a federally approved indirect cost rate.⁶

6. Tribal Authorizing Resolution (if applicable)

Tribes, tribal organizations, or third parties proposing to provide direct services or assistance to residents on tribal lands should include in their applications a resolution, a letter, affidavit, or other documentation, as appropriate, that certifies that the applicant has the legal authority from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for a grant on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the grant. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

Applicants unable to submit an application that includes a fully-executed (i.e., signed) copy of appropriate legal documentation, as described above, consistent with the applicable tribe’s governance structure, should, at a minimum, submit an unsigned, draft version of

---

such legal documentation as part of its application (except for cases in which, with respect to a tribal consortium applicant, consortium bylaws allow action without the support of all consortium member tribes). If selected for funding, BJA will make use of and access to funds contingent on receipt of the fully-executed legal documentation.

7. Applicant Disclosure of High Risk Status
Applicants are to disclose whether they are currently designated high risk by another federal grant making agency. This includes any status requiring additional oversight by the federal agency due to past programmatic or financial concerns. If an applicant is designated high risk by another federal grant making agency, you must e-mail the following information to OJPComplianceReporting@usdoj.gov at the time of application submission:

- The federal agency that currently designated the applicant as high risk.
- Date the applicant was designated high risk.
- The high risk point of contact name, phone number, and e-mail address, from that federal agency.
- Reasons for the high risk status.

OJP seeks this information to ensure appropriate federal oversight of any grant award. Unlike the Excluded Parties List, this high risk information does not disqualify any organization from receiving an OJP award. However, additional grant oversight may be included, if necessary, in award documentation.

8. Additional Attachments

a. Letter Affirming Assurances and Relevant Legislation, and Memorandum of Understanding or Inter-Local Agreement (if applicable)
Applicants must attach a letter addressed to the BJA Director affirming the required assurances required under this grant program and signed by the Chief Executive of the applying agency. The letter must provide assurances that the state in which the applicant is located has legislation for “intellectual property enforcement” with regard to criminal violations; specifically, matters relating to the enforcement of laws protecting copyrights, patents, trademarks, other forms of IP, and trade secrets, both in the United States and abroad, including in particular matters relating to combating counterfeit and infringing goods. Provide associated citations and a summary of the legislation.

Applicants must include the appropriate Memorandum of Understanding (MOU) or Inter-Local Agreements that spell out the roles, responsibilities, and commitments of each agency and member of the IP task force to be established or sustained under this grant program. Should additional agencies join a grantee agency’s IP task force over the course of the project period, new MOUs, or addenda to the original MOU that identifies these additional agencies, must be immediately provided to BJA upon execution of these documents.

b. Timeline
Include a comprehensive timeline that identifies milestones, numerically listed deliverables, and who is responsible for each activity (provide title and agency).
c. Letters of Support
Include letters of support from relevant state and local law enforcement agencies and federal agencies (to include, where appropriate, local offices of the FBI, ICE HSI, and U.S. Attorneys).

d. Applicant Disclosure of Pending Applications
Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to state agencies that will subaward federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency.
- The solicitation name/project name.
- The point of contact information at the applicable funding agency.

<table>
<thead>
<tr>
<th>Federal or State Funding Agency</th>
<th>Solicitation Name/Project Name</th>
<th>Name/Phone/E-mail for Point of Contact at Funding Agency</th>
</tr>
</thead>
<tbody>
<tr>
<td>DOJ/COPS</td>
<td>COPS Hiring Program</td>
<td>Jane Doe, 202/000-0000; <a href="mailto:jane.doe@usdoj.gov">jane.doe@usdoj.gov</a></td>
</tr>
<tr>
<td>HHS/Substance Abuse &amp; Mental Health Services Administration</td>
<td>Drug Free Communities Mentoring Program/ North County Youth Mentoring Program</td>
<td>John Doe, 202/000-0000; <a href="mailto:john.doe@hhs.gov">john.doe@hhs.gov</a></td>
</tr>
</tbody>
</table>

Applicants should include the table as a separate attachment to their application. The file should be named “Disclosure of Pending Applications.”

Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., “[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.”).
e. Research and Evaluation Independence and Integrity

If a proposal involves research and/or evaluation, regardless of the proposal’s other merits, in order to receive funds, the applicant must demonstrate research/evaluation independence, including appropriate safeguards to ensure research/evaluation objectivity and integrity, both in this proposal and as it may relate to the applicant’s other current or prior related projects. This documentation may be included as an attachment to the application which addresses BOTH i. and ii. below.

i. For purposes of this solicitation, applicants must document research and evaluation independence and integrity by including, at a minimum, one of the following two items:

   a. A specific assurance that the applicant has reviewed its proposal to identify any research integrity issues (including all principal investigators and subrecipients) and it has concluded that the design, conduct, or reporting of research and evaluation funded by BJA grants, cooperative agreements, or contracts will not be biased by any personal or financial conflict of interest on the part of its staff, consultants, and/or subrecipients responsible for the research and evaluation or on the part of the applicant organization;

   OR

   b. A specific listing of actual or perceived conflicts of interest that the applicant has identified in relation to this proposal. These conflicts could be either personal (related to specific staff, consultants, and/or subrecipients) or organizational (related to the applicant or any subgrantee organization). Examples of potential investigator (or other personal) conflict situations may include, but are not limited to, those in which an investigator would be in a position to evaluate a spouse’s work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization could not be given a grant to evaluate a project if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), as the organization in such an instance would appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.

ii. In addition, for purposes of this solicitation applicants must address the issue of possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:

   a. If an applicant reasonably believes that no potential personal or organizational conflicts of interest exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion.
Applicants MUST also include an explanation of the specific processes and procedures that the applicant will put in place to identify and eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest.

OR

b. If the applicant has identified specific personal or organizational conflicts of interest in its proposal during this review, the applicant must propose a specific and robust mitigation plan to address conflicts noted above. At a minimum, the plan must include specific processes and procedures that the applicant will put in place to eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

Considerations in assessing research and evaluation independence and integrity will include, but are not limited to, the adequacy of the applicant’s efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the organization in carrying out the research, development, or evaluation activity; and the adequacy of the applicant’s existing or proposed remedies to control any such factors.

In accordance with the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.205, federal agencies must have in place a framework for evaluating the risks posed by applicants before they receive a federal award. To facilitate part of this risk evaluation, all applicants (other than an individual) are to download, complete, and submit this form.

10. Disclosure of Lobbying Activities
All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities are to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

How to Apply
Applicants must register in and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at www.Grants.gov. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, processing delays may occur, and it can take several weeks for first-time registrants to receive confirmation and a user password. OJP encourages applicants to register several weeks before the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date.
date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

BJA strongly encourages all prospective applicants to sign up for Grants.gov e-mail notifications regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

**Note on Attachments.** Grants.gov has two categories of files for attachments: mandatory and optional. OJP receives all files attached in both categories. Please insure all required documents are attached in the mandatory category.

**Note on File Names and File Types:** Grants.gov only permits the use of certain specific characters in names of attachment files. Valid file names may include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

</tbody>
</table>

Grants.gov is designed to forward successfully submitted applications to OJP’s Grants Management System (GMS).

**GMS does not accept executable file types as application attachments.** These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

OJP may not make a federal award to an applicant organization until the applicant organization has complied with all applicable DUNS and SAM requirements. Individual applicants must comply with all Grants.gov requirements. If an applicant has not fully complied with the requirements by the time the federal awarding agency is ready to make a federal award, the federal awarding agency may determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

Individual applicants should search Grants.gov for a funding opportunity for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. Complete the registration form at [https://apply07.grants.gov/apply/IndCPRegister](https://apply07.grants.gov/apply/IndCPRegister) to create a username and password. Individual applicants should complete all steps except 1, 2 and 4.

1. **Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget (OMB) requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement
to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866-705-5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1–2 business days.

2. **Acquire registration with the System for Award Management (SAM).** SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must **update or renew their SAM registration annually** to maintain an active status. SAM registration and renewal can take as long as 10 business days to complete.

Applications cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. **The information transfer from SAM to Grants.gov can take up to 48 hours.** OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at [www.sam.gov](http://www.sam.gov).

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. The applicant organization’s DUNS number must be used to complete this step. For more information about the registration process, go to [www.grants.gov/web/grants/register.html](http://www.grants.gov/web/grants/register.html). Individuals registering with Grants.gov should go to [https://apply07.grants.gov/apply/IndCPRegister](https://apply07.grants.gov/apply/IndCPRegister).

4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization’s AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.

5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is CFDA 16.752 titled “Economic High-Tech and Cyber Crime Prevention” and the funding opportunity number is BJA-2016-9111.

6. **Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application and the second will state whether the application has been successfully validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges applicants to submit...
applications at least 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on March 28, 2016.

Click here for further details on DUNS, SAM, and Grants.gov registration steps and timeframes.

Note: Duplicate Applications
If an applicant submits multiple versions of the same application, BJA will review only the most recent system-validated version submitted. See Note on File Names and File Types under How to Apply.

Experiencing Unforeseen Grants.gov Technical Issues
Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must contact the Grants.gov Customer Support Hotline or the SAM Help Desk (Federal Service Desk) to report the technical issue and receive a tracking number. Then applicant must e-mail the BJA contact identified in the Contact Information section on page 2 within 24 hours after the application deadline and request approval to submit their application. The e-mail must describe the technical difficulties, and include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). Note: BJA does not automatically approve requests. After the program office reviews the submission, and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant’s request to submit their application.

The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time. (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website.
- Failure to follow each instruction in the OJP solicitation.
- Technical issues with the applicant’s computer or information technology environment, including firewalls.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding web page at www.ojp.gov/funding/Explore/CurrentFundingOpportunities.htm.

E. Application Review Information

Selection Criteria
The following five selection criteria will be used to evaluate each application, with the different weight given to each based on the percentage value listed after each individual criteria. For example, the first criteria, “Statement of the Problem,” is worth 15 percent of the entire score in
the application review process.

1. **Statement of the Problem (15 percent of 100)**
   Identify the precise IP theft issue to be addressed by the project. Provide specific data for the jurisdiction(s) in question, including the nature and scope of its/their IP theft problem. Explain the problems associated with or challenges to current enforcement and coordination efforts.

2. **Program Design and Implementation (25 percent of 100)**
   Fully describe how the project will reach the stated task force goals and objectives by providing a complete description of its design and proposed implementation. Tie IP theft program enforcement activities to goals, objectives, and the performance measures applicable to the project. Include a comprehensive discussion of how the task force will ensure collaboration and coordination among all appropriate federal, state, local, and/or tribal law enforcement entities, including prosecutors, the appropriate federal agencies, partnership organizations (e.g., industry), and the general public. Include a comprehensive timeline that identifies milestones, numerically listed deliverables, and who is responsible for each activity (provide title and agency).

3. **Capabilities/Competencies (25 percent of 100)**
   Fully describe the applicant’s capabilities to implement the IP theft enforcement project and the competencies of the staff assigned to or who oversee the project. Identify personnel who are critical to the project’s successful implementation and discuss their roles, responsibilities, and qualifications. Discuss organizational capabilities or competencies that will directly impact the ability to successfully implement the proposed enforcement project.

4. **Impact/Outcomes, Evaluation, and Plan for Collecting Data for this Solicitation’s Performance Measures (20 percent of 100)**
   Explain how the IP theft enforcement program’s effectiveness will be demonstrated. Describe how performance measure data will be collected, who will collect and report the data, how the data will be stored, and how it will be assessed to measure the impact of proposed efforts. Describe how your program’s performance data will be shared with customers and stakeholders.

5. **Sustainment (5 percent of 100)**
   Outline a strategy for sustaining IP rights enforcement initiatives when the federal grant ends.

6. **Budget (10 percent of 100)**
   Provide a proposed budget for the entire project period that is complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should generally demonstrate how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to the goals of the project. Note that use of funds for overtime and other incurred investigatory expenses are allowable. Applicants are strongly encouraged to avoid unsubstantiated purchases and requested equipment must directly relate to the IP rights theft enforcement program as prescribed in this announcement. The funds awarded under

---

7 Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
this solicitation may not be used for land acquisition or construction projects, and may not be used to provide any security enhancements or any equipment to any non-governmental entity that is not engaged in law enforcement or law enforcement support, criminal or juvenile justice, or delinquency prevention.

**Review Process**

OJP is committed to ensuring a fair and open process for awarding grants. BJA reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether applicants have met basic minimum requirements, OJP screens applications for compliance with specified program requirements to help determine which applications should proceed to further consideration for award. Although program requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP grant programs:

- Applications must be submitted by an eligible type of applicant.
- Applications must request funding within programmatic funding constraints (if applicable).
- Applications must be responsive to the scope of the solicitation.
- Applications must include all items designated as “critical elements.”
- Applicants will be checked against the System for Award Management (SAM).

For a list of critical elements, see “What an Application Should Include” under [Section D.](#)

**Application and Submission Information.**

BJA may use internal peer reviewers, external peer reviewers, or a combination, to assess applications meeting basic minimum requirements on technical merit using the solicitation’s selection criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only, although their views are considered carefully. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance under prior BJA and OJP awards, and available funding.

OJP reviews applications for potential discretionary awards to evaluate the risks posed by applicants before they receive an award. This review may include but is not limited to the following:

1. Financial stability and fiscal integrity
2. Quality of management systems and ability to meet the management standards prescribed in the Financial Guide
3. History of performance
4. Reports and findings from audits
5. The applicant’s ability to effectively implement statutory, regulatory, or other requirements imposed on award recipients

BJA-2016-9111
6. Proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, peer review ratings, underserved populations, geographic diversity, strategic priorities, past performance under prior BJA and OJP awards, and available funding when making awards.

F. Federal Award Administration Information

Federal Award Notices
OJP sends award notification by email through GMS to the individuals listed in the application as the point of contact and the authorizing official. The email notification includes detailed instructions on how to access and view the award documents, and how to accept the award in GMS. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date. Recipients will be required to log in; accept any outstanding assurances and certifications on the award; designate a financial point of contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document by the authorized representative and the scanning of the fully-executed award document to OJP.

Administrative, National Policy, and other Legal Requirements
If selected for funding, in addition to implementing the funded project consistent with the agency-approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements, including but not limited to OMB, DOJ, or other federal regulations which will be included in the award, incorporated into the award by reference, or are otherwise applicable to the award. OJP strongly encourages prospective applicants to review the information pertaining to these requirements prior to submitting an application. To assist applicants and recipients in accessing and reviewing this information, OJP has placed pertinent information on its Solicitation Requirements page of the OJP Funding Resource Center. Please note in particular the following two forms, which applicants must accept in GMS prior to the receipt of any award funds, as each details legal requirements with which applicants must provide specific assurances and certifications of compliance. Applicants may view these forms in the Apply section of the OJP Funding Resource Center and are strongly encouraged to review and consider them carefully prior to making an application for OJP grant funds.

- Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements
- Standard Assurances

Upon grant approval, OJP electronically transmits (via GMS) the award document to the prospective award recipient. In addition to other award information, the award document contains award terms and conditions that specify national policy requirements8 with which

---

8 See generally 2 C.F.R. 200.300 (provides a general description of national policy requirements typically applicable to recipients of Federal awards, including the Federal Funding Accountability and Transparency Act of 2006 [(FFATA)].).
recipients of federal funding must comply; uniform administrative requirements, cost principles, and audit requirements; and program-specific terms and conditions required based on applicable program (statutory) authority or requirements set forth in OJP solicitations and program announcements, and other requirements which may be attached to appropriated funding. For example, certain efforts may call for special requirements, terms, or conditions relating to intellectual property, data/information-sharing or -access, or information security; or audit requirements, expenditures, and milestones; or publications and/or press releases. OJP also may place additional terms and conditions on an award based on its risk assessment of the applicant, or for other reasons it determines necessary to fulfill the goals and objectives of the program.

Prospective applicants may access and review the text of mandatory conditions OJP includes in all OJP awards, as well as the text of certain other conditions, such as administrative conditions, via Mandatory Award Terms and Conditions page of the OJP Funding Resource Center.

**General Information about Post-Federal Award Reporting Requirements**
Recipients must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements. Future awards and fund drawdowns may be withheld if reports are delinquent.

Special Reporting requirements may be required by OJP depending on the statutory, legislative or administrative obligations of the recipient or the program.

**G. Federal Awarding Agency Contact(s)**
For Federal Awarding Agency Contact(s), see title page.

For contact information for Grants.gov, see title page.

**H. Other Information**

**Provide Feedback to OJP**
To assist OJP in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

**IMPORTANT:** This e-mail is for feedback and suggestions only. Replies are not sent from this mailbox. If you have specific questions on any program or technical aspect of the solicitation, you must directly contact the appropriate number or e-mail listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please e-mail your résumé to ojppeerreview@lmsolas.com. The OJP Solicitation Feedback e-mail account will not forward your résumé. **Note:** Neither you nor anyone else from your organization can be a peer reviewer in a competition in which you or your organization have submitted an application.
Application Checklist

FY 2016 Intellectual Property Enforcement Program:
Protecting Public Health, Safety, and the Economy from Counterfeit Goods and Product Piracy

This application checklist has been created to assist in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:
_____ Acquire a DUNS Number (see page 18)
_____ Acquire or renew registration with SAM (see page 19)

To Register with Grants.gov:
_____ Acquire AOR and Grants.gov username/password (see page 19)
_____ Acquire AOR confirmation from the E-Biz POC (see page 19)

To Find Funding Opportunity:
_____ Search for the Funding Opportunity on Grants.gov (see page 19)
_____ Download Funding Opportunity and Application Package
_____ Sign up for Grants.gov e-mail notifications (optional) (see page 18)
_____ Read Important Notice: Applying for Grants in Grants.gov
_____ Read OJP policy and guidance on conference approval, planning, and reporting available at ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm (see page xx)

After Application Submission, Receive Grants.gov E-mail Notifications That:
_____ (1) application has been received,
_____ (2) application has either been successfully validated or rejected with errors (see page 19)

If No Grants.gov Receipt, and Validation or Error Notifications are Received:
_____ contact BJA regarding experiencing technical difficulties (see page 20)

General Requirements:
_____ Review the Solicitation Requirements in the OJP Funding Resource Center.

Scope Requirement:
_____ The federal amount requested is within the allowable limit(s) of $400,000.

Eligibility Requirement: Applicants are limited to state, local, and tribal law enforcement agencies or a government agency acting as fiscal agent for the applicant.
What an Application Should Include:

- Application for Federal Assistance (SF-424) (see page 10)
- Intergovernmental Review (see page 10)
- Project Abstract (see page 10)
- Program Narrative (see page 11)
- Budget Detail Worksheet (see page 12)
- Budget Narrative (see page 12)
- Indirect Cost Rate Agreement (if applicable) (see page 13)
- Tribal Authorizing Resolution (if applicable) (see page 13)
- Applicant Disclosure of High Risk Status (see page 14)
- Additional Attachments
  - Letter Affirming Assurances and Relevant Legislation, and Memorandum of Understanding or Inter-Local Agreement (if applicable) (see page 14)
  - Timeline (see page 14)
  - Letters of Support (if applicable) (see page 15)
  - Applicant Disclosure of Pending Applications (see page 15)
- Financial Management and System of Internal Controls Questionnaire (if applicable) (see page 17)
- Disclosure of Lobbying Activities (SF-LLL) (see page 17)
- Employee Compensation Waiver request and justification (if applicable) (see page 8)

These elements are the basic minimum requirements for applications. Applications that do not include these elements shall neither proceed to peer review nor receive further consideration by BJA.
