

New BJA NTTAC Lead and Deputy Program Manager

I am pleased to announce that we have a new staff member joining the BJA National Training and Technical Assistance Center (NTTAC) contractor team.

Suzette McLeod has accepted the position, beginning July 18, of BJA NTTAC Lead and Deputy Program Manager on the contract. Ms. McLeod will be responsible for ensuring the highest quality of service in the provision of training and technical assistance (TTA). As the onsite face of BJA NTTAC, she will do this by maintaining, enhancing, and overseeing the performance standards established by the NTTAC program. Ms. McLeod will serve as our primary point of contact for NTTAC onsite here at BJA. We are thrilled she has decided to join the BJA's NTTAC team and work with us to continue to expand the scope and services under the contract. The entire BJA team welcomes Ms. McLeod and looks forward to utilizing her expertise to enhance TTA services to the field.

For more information on how to apply for training and technical assistance through BJA NTTAC, go to <https://bjatraining.org>.
