ABOUT OJP

Since 1984 the U.S. Department of Justice’s (DOJ) Office of Justice Programs (OJP) has provided federal leadership in developing the nation’s capacity to prevent and control crime, improve the criminal and juvenile justice systems, increase knowledge about crime and related issues, and assist crime victims. Through the programs developed and funded by its bureaus and offices, OJP works to form partnerships among federal, state, and local government officials to control drug abuse and trafficking; reduce and prevent crime; rehabilitate neighborhoods; improve the administration of justice in America; meet the needs of crime victims; and address problems such as gang violence, prison crowding, juvenile crime, and white collar crime. OJP’s senior management team—comprised of the Assistant Attorney General, the Deputy Assistant Attorney General, and the five bureau heads—works together with dedicated managers and line staff to carry out this mission.

ABOUT BJA

The Bureau of Justice Assistance (BJA), Office of Justice Programs, U.S. Department of Justice, supports law enforcement, courts, corrections, treatment, victim services, technology, and prevention initiatives that strengthen the nation’s criminal justice system. BJA provides leadership, services, and funding to America’s communities by emphasizing local control; building relationships in the field; developing collaborations and partnerships; promoting capacity building through planning; streamlining the administration of grants; increasing training and technical assistance; creating accountability of projects; encouraging innovation; and ultimately communicating the value of justice efforts to decision makers at every level.

ABOUT THE COMPREHENSIVE APPROACHES TO SEX OFFENDER MANAGEMENT PROGRAM

Authorized by 42 U.S.C. § 13941, the Comprehensive Approaches to Sex Offender Management (CASOM) Discretionary Grant Program assists state, local, and tribal jurisdictions in improving their adult and juvenile sex offender management policies and practices by critically examining existing approaches to managing the population; identifying significant gaps and needs; and developing strategies to address the needs.

For information and resources on sex offender management visit the Center for Sex Offender Management (CSOM) web site at www.csom.org/.
