This solicitation has been updated to clarify the Budget Information discussion.

Thank you for your attention to this change.
The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP) Bureau of Justice Assistance (BJA) is seeking applications to provide training and technical assistance to support the Justice Accountability Initiative (JAI) that seeks to (1) develop and implement automated risk prediction tools and needs assessments to determine who may reoffend; and (2) build or improve integrated data-sharing and data-analysis capacity and notification systems. This program furthers the Department’s mission by reducing crime and recidivism.

**Justice Accountability Initiative:**
National Training and Technical Assistance to support pilot projects using data-driven systems to reduce crime and recidivism

**FY 2018 Competitive Grant Announcement**

**Applications Due: July 30, 2018**

**Eligibility**

Eligible applicants are national scope private and nonprofit organizations (including tribal nonprofit or for-profit organizations), colleges and universities, both public and private (including tribal institutions of higher education), law enforcement agencies, technical assistance providers, and subject matter experts that can provide technical assistance and training to support activities under the Justice Accountability Initiative (JAI).

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

BJA welcomes applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). The applicant must be the entity that would have primary responsibility for carrying out the award, including administering the funding and managing the entire program.

---

1 For additional information on subawards, see “Budget and Associated Documentation” under Section D, Application and Submission Information.
BJA may elect to fund applications submitted under this fiscal year (FY) 2018 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

**Deadline**

Applicants must register with Grants.gov at [https://www.grants.gov/web/grants/register.html](https://www.grants.gov/web/grants/register.html) prior to submitting an application. All applications are due by 5:00 p.m. eastern time on July 30, 2018.

To be considered timely, an application must be submitted by the application deadline using Grants.gov, and the applicant must have received a validation message from Grants.gov that indicates successful and timely submission. OJP urges applicants to submit applications at least 72 hours prior to the application due date, to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP encourages all applicants to read this [Important Notice: Applying for Grants in Grants.gov](https://www.grants.gov/web/grants/register.html).

For additional information, see [How To Apply](https://www.grants.gov/web/grants/register.html) in Section D. Application and Submission Information.

**Contact Information**

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800–518–4726, 606–545–5035, at [https://www.grants.gov/web/grants/support.html](https://www.grants.gov/web/grants/support.html), or at support@grants.gov. The Grants.gov Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must email the contact identified below **within 24 hours after the application deadline** to request approval to submit its application after the deadline. Additional information on reporting technical issues appears under “Experiencing Unforeseen Grants.gov Technical Issues” in the [How To Apply](https://www.grants.gov/web/grants/register.html) section.

For assistance with any unforeseen Grants.gov technical issues beyond an applicant’s control that prevent it from submitting its application by the deadline, or any other requirement of this solicitation, contact the National Criminal Justice Reference Service (NCJRS) Response Center: toll-free at 800–851–3420; via TTY at 301–240–6310 (hearing impaired only); email grants@ncjrs.gov; fax to 301–240–5830; or web chat at [https://webcontact.ncjrs.gov/ncjchat/chat.jsp](https://webcontact.ncjrs.gov/ncjchat/chat.jsp). The NCJRS Response Center hours of operation are 10:00 a.m. to 6:00 p.m. eastern time, Monday through Friday, and 10:00 a.m. to 8:00 p.m. eastern time on the solicitation close date.

Grants.gov number assigned to this solicitation: BJA-2018-14643

Release date: June 28, 2018

Justice Accountability Initiative (JAI): National Training and Technical Assistance to support pilot projects using data-driven systems to reduce crime and recidivism

(CFDA #16.827)

A. Program Description

Overview
The Justice Accountability Initiative (JAI) is a data-driven approach that can help state, local, and tribal criminal justice agencies analyze, understand, and address reducing recidivism and crime. The overall goal of JAI is to reduce crime by reducing the risk of recidivism, particularly violent recidivism. State and local agencies can accomplish this goal by creating and improving risk prediction tools, needs assessments and supervision plans, and building data-sharing and notification systems across criminal justice stakeholders. These strategies will also save in costs and improve operational efficiencies that can be reinvested in proven strategies to reduce crime and recidivism.

Statutory Authority: Awards under this solicitation will be made with funds provided through the Consolidated Appropriations Act, 2018, Public Law No. 115-141, 132 Stat 348, 422.

Program-specific Information
Under the enacted appropriations language, the Justice Reinvestment Initiative (JRI) is to fund “activities related to criminal justice reform and recidivism reduction.” The Justice Accountability Initiative has been developed to meet the JRI goals to reduce recidivism and reform the criminal justice system by improving the effectiveness of risk assessments and to be more data-driven system-wide.

BJA is seeking applications for two to three national training and technical assistance (TTA) providers to support the goal and objectives of its JAI program. TTA award recipients will provide technical assistance and training directly to sites that have received JAI awards. TTA award recipients may either provide the technical assistance or collaborate with an outside expert with relevant experience to perform portions of the work.

---

2 For purposes of this solicitation, the phrase “risk prediction tool” refers to tools that are automated, computerized, and use a machine learning algorithm or random forest modeling or another algorithm that is of comparable rigor, and not a linear regression model or actuarial methods. “Risk prediction tool” is not to be mistaken with more commonly used “risk assessment tools” including, COMPAS, ORAS, IORNS, WRN, STRONG, etc.
Objectives and Deliverables
The objectives of the JAI training and technical assistance providers are:

• Assist JAI sites reduce crime by reducing the risk of recidivism, particularly violent offender recidivism, by developing and implementing improved, more scientifically rigorous, and automated risk prediction tools (based on algorithms) and capabilities (needs assessments and supervision plans). (Category 1)

• Support JAI sites develop comprehensive and integrated data-sharing and notification systems about violent offenders being released into their communities, build data-analysis systems, and create a model of cooperation between probation and local law enforcement to implement this notification system. (Category 2)

The applicant must have extensive knowledge of business management and operations processes and research methodology and statistical analysis techniques, and must be familiar with the factors, issues, and processes that drive crime and the criminal justice system, particularly at the state and local levels. Specifically, the applicant should demonstrate knowledge and experience in the following areas:

• Assist JAI sites with risk prediction tools, needs assessment, and supervision plan development and improvement.
• Assist organizations with management and operations consulting, develop efficient and efficacious processes and procedures for sharing information and integrating systems.
• Assist organizations with building their data-sharing and notification capacity and improve the quality of deliverables produced.
• Provide technical assistance, consultation, research, and support.
• Design and provide skill-building and program implementation trainings.
• Help criminal justice agencies define their needs for planning, implementing, and evaluating risk prediction tools, data-sharing and notification systems.
• Evaluate the impact of the JAI project on crime reduction and recidivism and publish a report on findings
• Direct onsite visits.
• Collect data and publish criminal justice-related surveys and materials.

The applicant may select one or more of the following focus areas for its application and is not limited to the choices below:

Category 1: Develop, improve, and implement risk prediction tools and capabilities, and align needs assessments, supervision policies, and plans with these systems to reduce recidivism and violent crime. BJA-2018-14646

While use of risk assessment tools has become widespread, the effectiveness and objectivity of these tools could be improved, updated, or better utilized. JAI aims to improve the effectiveness and efficacy of existing risk assessments to become more scientifically accurate. More comprehensive, scientifically driven, and algorithm-driven risk prediction tools (based on learning models) can improve the accuracy of prediction rates and inform more targeted and customized supervision plans. In addition, it is possible to deter and prevent crime and reduce recidivism by supporting the development and implementation of more rigorous risk prediction tools and needs assessments to inform supervision plans that move away from a one-size-fits-all approach to more stratified and targeted supervision strategies.
The TTA can include the following:

- Survey JAI grantee sites to determine the kinds of technical assistance needed (e.g., assistance with research or data collection methods, use of interagency agreements, or assessing and improving data quality) and determine the best modes for delivering assistance.

**Risk Assessment tool (50 percent of the overall project)**
- Conduct a review and evaluation of existing risk assessment tools and uses of the tools with JAI sites, evaluating their effectiveness and impact on the reduction of crime and recidivism. The award recipient will work with stakeholders in the community to develop collaborative partnerships that will identify what gaps exist that impede effective data collection and/or the barriers to more accurate assessment.
- Help JAI sites develop and/or improve their risk prediction tools, making them more rigorous and objective by adding more comprehensive data to the algorithm. Work with grant recipients on tool development and data analysis. Data input for the tool’s development should be comprehensive and include data provided from probation, parole, sheriff’s departments, law enforcement agencies, and corrections departments.
- Prepare an evaluation plan for measuring project effectiveness in achieving the identified outcomes. The evaluation plan must link the proposed activities to the objectives, core measures, and anticipated outcomes and outputs—with an emphasis on outcomes.
- Consult on a plan for how agencies will fully update and implement the risk prediction tool, and provide the necessary process and policy changes to support the updated system.
- Enhance processes and procedures to increase efficiencies and reduce time, duplication, and waste.

**Needs Assessment (25 percent of the overall project)**
- Help conduct a review of existing needs assessment tools and processes, to evaluate their impact on crime and recidivism.
- Assist with adopting or improving a needs assessment tool.
- Help develop a plan for how agencies will fully update and implement the needs assessment tool, and provide the necessary process and policy changes to support the updated system.

**Supervision plans (25 percent of the overall project)**
- Advise on the supervision plan’s development and policies that would align with the improved or newly created risk prediction tool.
- Develop training for staff use of the tools, ensuring optimal implementation of all new or updated tools and capabilities.
- Develop a training and technical assistance process to address weaknesses and areas needing improvement for JAI sites’ deliverables.
- Develop and maintain up-to-date statistics and presentations showing the progress of JAI.

**Category 2: Develop comprehensive and integrated data-sharing and notification systems for violent offenders being released into their communities (e.g., between corrections and probation and law enforcement). BJA-2018-14647**

The TTA can include the following:
- Survey JAI sites to determine the kinds of technical assistance needed (e.g., assistance with research or data collection methods, notification system development, use of interagency
agreements, or assessing and improving data quality) and determine the best modes for delivering assistance.

- Identify gaps in data-sharing, integration, analysis, and notification capabilities that can be enhanced by building the data-sharing infrastructure.

**Data-sharing and notification system (50 percent of the overall project)**

- Help JAI sites build integrated data-sharing systems to determine an appropriate and accountable violent offender notification, monitoring, and supervision case plan. Data input should be comprehensive and include data provided from probation, parole, sheriff’s departments, law enforcement agencies, corrections departments, and court systems.
- Develop training for staff use of the systems, ensuring optimal implementation.
- Prepare an evaluation plan for measuring the project’s effectiveness in achieving the identified outcomes. The evaluation plan must link the proposed activities to the objectives, core measures, and anticipated outcomes and outputs—with an emphasis on outcomes.
- Develop a training and technical assistance process to address weaknesses and areas needing improvement for JAI sites’ deliverables. Assist JAI sites in developing training protocols and procedures for staff use of the data-sharing system to ensure optimal implementation of the system’s capabilities.
- Consult on a plan for how agencies will fully update and implement the data-sharing systems and provide the necessary process and policy changes to support the updated system. Enhance processes and procedures to increase efficiencies and reduce time, duplication, and waste.
- Work with JAI sites on an offender notification, monitoring, and supervision strategy to assess how the impact of the data-sharing system on crime, recidivism, and public safety will be evaluated.
- Stress the importance of an integrated community- and system-based data-sharing approach that includes several stakeholders in the criminal justice system. Comprehensive approaches to reduce crime and recidivism and enhance public safety through the integration of data systems should include elements such as proactive policing and officer safety, the delivery of social service services, and offender supervision.

**Build data analysis capacity (50 percent of the overall project)**

- Help JAI sites build their data analysis capacities and improve justice system partners’ abilities to produce a cross-system analysis that provides a better understanding of the contributions of pretrial, probation, parole, reentry, and other services to crime trends. Diagnose and address problems as they arise or share dashboards, and conduct social network analysis.
- Assist in developing, implementing, and testing approaches to consistently gather and validate intelligence collected in jails and prisons (e.g., security threat groups). Develop and implement plans to respond to this intelligence.
- Evaluate the impact of information and intelligence sharing and response strategies.
- Help gather or link multiple data systems to improve the implementation of risk and other assessments; identify offenders at high risk of committing violent crime.
- Enhance technology systems to improve the security, confidentiality, and efficiency of such systems with regard to the data stored in them.
- Provide a plan for how the agency will fully utilize the systems.
• Work on at least one assessment of the data-sharing and notification capabilities, measuring its effect on public safety and recidivism.³
• Develop and maintain up-to-date JAI-wide statistics and presentations showing the progress of the JAI project.

Data Analysis
• A comprehensive analysis and evaluation should include an analysis of reported crime and arrest data (crime and arrest rates, conviction rates, probation, parole, prison and jail populations) across crime types, including violent crime, which is based on up-to-date local data, as available, and recidivism rates, and how the development and use of the risk prediction tools have affected these rates

Evidence-based Programs or Practices
OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

• Improving the quantity and quality of evidence OJP generates.
• Integrating evidence into program, practice, and policy decisions within OJP and the field.
• Improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based.

The OJP CrimeSolutions.gov website at https://www.crimesolutions.gov is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

Information Regarding Potential Evaluation of Programs and Activities
The Department of Justice has prioritized the use of evidence-based programming and deems it critical to continue to build and expand the evidence informing criminal and juvenile justice programs to reach the highest level of rigor possible. Therefore, applicants should note that the OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. Recipients and subrecipients will be expected to cooperate with program-related assessments or evaluation efforts, including through the collection and provision of information or data requested by OJP (or its designee) for the assessment or evaluation of any activities and/or outcomes of those activities funded under this solicitation. The information or data requested may be in addition to any other financial or performance data already required under this program.

³ Examples of such assessments include Mandatory Reentry Supervision: Evaluating the Kentucky Experience and Reducing Incarceration for Technical Violations in Louisiana.
B. Federal Award Information

Category 1
BJA expects to make one award under Category 1, the amount of which will depend on the number of sites proposed to be served, and may range from $1,000,000 to $2,000,000. The period of performance for the Category 1 award will be 24 months, to begin on or about October 1, 2018.

Category 2
BJA expects to make up to two awards under Category 2, the amount of which will vary depending on the number of sites proposed to be served and may range from $1,000,000 to $2,000,000, with an estimated total amount awarded of up to $2,000,000. The period of performance for Category 2 awards will be 24 months, to begin on or about October 1, 2018.

Type of Award
BJA expects to make any award under this solicitation in the form of a cooperative agreement, which is a type of award that provides for OJP to have substantial involvement in carrying out award activities. See Administrative, National Policy, and Other Legal Requirements, under Section F. Federal Award Administration Information, for a brief discussion of what may constitute substantial federal involvement.

Financial Management and System of Internal Controls
Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities\(^4\)) must, as described in the Part 200 Uniform Requirements\(^5\) as set out at 2 C.F.R. 200.303:

(a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that [the recipient (and any subrecipient)] is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.

(c) Evaluate and monitor [the recipient’s (and any subrecipient’s)] compliance with statutes, regulations, and the terms and conditions of Federal awards.

(d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.

---

\(^4\) For purposes of this solicitation, the phrase “pass-through entity” includes any recipient or subrecipient that provides a subaward ("subgrant") to a subrecipient (subgrantee) to carry out part of the funded award or program. Additional information on proposed subawards is listed under What an Application Should Include, Section 4c of this solicitation.

\(^5\) The "Part 200 Uniform Requirements" means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.
(e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or [the recipient (or any subrecipient)] considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

To help ensure that applicants understand the applicable administrative requirements and cost principles, OJP encourages prospective applicants to enroll, at no charge, in the DOJ Grants Financial Management Online Training, available at https://ojpfgm.webfirst.com/. (This training is required for all OJP award recipients.)

Also, applicants should be aware that OJP collects information from applicants on their financial management and systems of internal controls (among other information) which is used to make award decisions. Under Section D. Application and Submission Information, applicants may access and review a questionnaire—the OJP Financial Management and System of Internal Controls Questionnaire—that OJP requires all applicants (other than an individual applying in his/her personal capacity) to download, complete, and submit as part of the application.

Budget Information

Cost Sharing or Matching Requirement
This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

For additional information on cost sharing and match, see the DOJ Grants Financial Guide at https://ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.3b.htm.

Pre-agreement Costs (also known as Pre-award Costs)
Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the federal award.

OJP does not typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. All such costs incurred prior to award and prior to approval of the costs are incurred at the sole risk of the applicant. (Generally, no applicant should incur project costs before submitting an application requesting federal funding for those costs.) Should there be extenuating circumstances that make it appropriate for OJP to consider approving pre-agreement costs, the applicant may contact the point of contact listed on the title page of this solicitation for the requirements concerning written requests for approval. If approved in advance by OJP, award funds may be used for pre-agreement costs, consistent with the recipient’s approved budget and applicable cost principles. See the section on Costs Requiring Prior Approval in the DOJ Grants Financial Guide at https://ojp.gov/financialguide/DOJ/index.htm for more information.
Limitation on Use of Award Funds for Employee Compensation; Waiver
With respect to any award of more than $250,000 made under this solicitation, a recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2018 salary table for SES employees is available on the Office of Personnel Management website at https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/18Tables/exec/html/ES.aspx. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Non-federal funds used for any such additional compensation will not be considered matching funds, where match requirements apply.) If only a portion of an employee's time is charged to an OJP award, the maximum allowable compensation is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, this limitation on compensation rates allowable under an award. An applicant that requests a waiver should include a detailed justification in the Budget Narrative of its application. An applicant that does not submit a waiver request and justification with its application should anticipate that OJP will require the applicant to adjust and resubmit the budget.

The justification should address, in the context of the work the individual would do under the award, the particular qualifications and expertise of the individual, the uniqueness of a service the individual will provide, the individual’s specific knowledge of the proposed program or project, and a statement that explains whether and how the individual’s salary under the award would be commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work he/she would do under the award.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs
OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the OJP and DOJ policy and guidance on approval, planning, and reporting of such events, available at https://www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients, as well as some conference, meeting, and training costs for grant recipients; and (3) set cost limits, which include a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)
If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services, where appropriate.

---

6 OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed in Appendix VIII to 2 C.F.R. Part 200.
For additional information, see the "Civil Rights Compliance" section under “Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards" in the OJP Funding Resource Center at https://ojp.gov/funding/index.htm.

C. Eligibility Information
For eligibility information, see title page.

For information on cost sharing or match requirements, see Section B. Federal Award Information.

D. Application and Submission Information

What an Application Should Include
This section describes in detail what an application should include. An applicant should anticipate that if it fails to submit an application that contains all of the specified elements, it may negatively affect the review of its application; and, should a decision be made to make an award, it may result in the inclusion of award conditions that preclude the recipient from accessing or using award funds until the recipient satisfies the conditions and OJP makes the funds available.

Moreover, an applicant should anticipate that an application that OJP determines is nonresponsive to the scope of the solicitation, or that OJP determines does not include the application elements that BJA has designated to be critical, will neither proceed to peer review, nor receive further consideration. For this solicitation, BJA has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet and Budget Narrative, résumés/curricula vitae of key personnel, and examples of work products.

NOTE: OJP has combined the Budget Detail Worksheet and Budget Narrative in a single document collectively referred to as the Budget Detail Worksheet. See “Budget Information and Associated Documentation” below for more information about the Budget Detail Worksheet and where it can be accessed.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet,” “Timelines,” “Memoranda of Understanding,” “Résumés”) for all attachments. Also, OJP recommends that applicants include résumés in a single file.

Please review the “Note on File Names and File Types” under How To Apply to be sure applications are submitted in permitted formats.

1. Information to Complete the Application for Federal Assistance (SF-424)
The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable).
To avoid processing delays, an applicant must include an accurate legal name on its SF-424. On the SF-424, current OJP award recipients, when completing the field for “Legal Name” (box 8a), should use the same legal name that appears on the prior year award document (which is also the legal name stored in OJP’s financial system.) Also, current recipients should enter the Employer Identification Number (EIN) in box 8b exactly as it appears on the prior year award document. An applicant with a current, active award(s) must ensure that its GMS profile is current. If the profile is not current, the applicant should submit a Grant Adjustment Notice updating the information on its GMS profile prior to applying under this solicitation.

A new applicant entity should enter its official legal name in box 8a, its address in box 8d, its EIN in box 8b, and its Data Universal Numbering System (DUNS) number in box 8c of the SF-424. A new applicant entity should attach official legal documents to its application (e.g., articles of incorporation, 501(c)(3) status documentation, organizational letterhead, etc.) to confirm the legal name, address, and EIN entered into the SF-424. OJP will use the System for Award Management (SAM) to confirm the legal name and DUNS number entered in the SF-424; therefore, an applicant should ensure that the information entered in the SF-424 matches its current registration in SAM. See the How To Apply section for more information on SAM and DUNS numbers.

**Intergovernmental Review:** This solicitation (“funding opportunity”) is not subject to Executive Order 12372. (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

2. Project Abstract
   Applications should include a high quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be:

   - Written for a general public audience.
   - Submitted as a separate attachment with “Project Abstract” as part of its file name.
   - Single-spaced, using a standard 12-point font (such as Times New Roman) with 1-inch margins.
   - Include the legal name of the applicant and the project’s title, goals, design elements, and proposed deliverables

   As a separate attachment, the project abstract will not count against the page limit for the program narrative. BJA requests that the abstract be submitted as a text file, such as Word .doc format.

3. Program Narrative
   The program narrative should be double-spaced, using a standard 12-point font (Times New Roman preferred); have no less than 1-inch margins; and should not exceed 20 pages. Pages should be numbered “1 of 20,” “2 of 20,” etc. If the program narrative fails to comply with these length-related restrictions, BJA may consider such noncompliance in peer review and in final award decisions.
The following sections should be included as part of the program narrative:

a. Description of the Issue

b. Project Design and Implementation

c. Capabilities and Competencies

d. Plan for Collecting the Data Required for this Solicitation’s Performance Measures

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award (see “General Information about Post-Federal Award Reporting Requirements” in Section F. Federal Award Administration Information). The performance data directly relate to the objectives and deliverables identified under “Objectives and Deliverables” in Section A. Program Description.

Performance measures for this solicitation are listed in Appendix A: Performance Measures Table.

Applicants should visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

The application should demonstrate the applicant’s understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are not required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

Award recipients will be required to submit performance metric data quarterly through BJA’s online Training and Technical Assistance Reporting Portal located at www.bjatraining.org.

Note on Project Evaluations
An applicant that proposes to use award funds through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements, likely do not constitute “research.” Each applicant should provide sufficient information for OJP to determine whether the particular project it proposes would either intentionally or unintentionally

---

7 For information on subawards (including the details on proposed subawards that should be included in the application), see "Budget and Associated Documentation" under Section D. Application and Submission Information.
collect and/or use information in such a way that it meets the DOJ definition of research that appears at 28 C.F.R. Part 46 (“Protection of Human Subjects”).

“Research,” for purposes of human subjects protection for OJP-funded programs, is defined as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” 28 C.F.R. 46.102(d).

For additional information on determining whether a proposed activity would constitute research for purposes of human subjects protection, applicants should consult the decision tree in the “Research and the protection of human subjects” section of the “Requirements related to Research” webpage of the “Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards,” available through the OJP Funding Resource Center at https://ojp.gov/funding/index.htm. Every prospective applicant whose application may propose a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that webpage.

4. Budget and Associated Documentation
The Budget Detail Worksheet and the Budget Narrative are now combined in a single document collectively referred to as the Budget Detail Worksheet. The Budget Detail Worksheet is a user-friendly, fillable, Microsoft Excel-based document designed to calculate totals. Additionally, the Excel workbook contains worksheets for multiple budget years that can be completed as necessary. All applicants should use the Excel version when completing the proposed budget in an application, except in cases where the applicant does not have access to Microsoft Excel or experiences technical difficulties. If an applicant does not have access to Microsoft Excel or experiences technical difficulties with the Excel version, then the applicant should use the 508-compliant accessible Adobe Portable Document Format (PDF) version.

Both versions of the Budget Detail Worksheet can be accessed at https://ojp.gov/funding/Apply/Forms/BudgetDetailWorksheet.htm.

a. Budget Detail Worksheet
The Budget Detail Worksheet should be mathematically sound and include clear calculations for the applicant’s estimate of all costs.

The Budget Detail Worksheet should provide the detailed computation for each budget line item, listing the total cost of each and showing how it was calculated by the applicant. For example, costs for personnel should show the annual salary rate and the percentage of time devoted to the project for each employee paid with grant funds. The Budget Detail Worksheet should present a complete itemization of all proposed costs.

For questions pertaining to budget and examples of allowable and unallowable costs, see the DOJ Grants Financial Guide at https://ojp.gov/financialguide/DOJ/index.htm.

b. Budget Narrative
The Budget Narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

An applicant should demonstrate in its budget narrative how it will maximize cost effectiveness of award expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a
Budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The Budget Narrative should be mathematically sound and correspond clearly with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how those costs are necessary to the completion of the proposed project. The narrative may include tables for clarification purposes, but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should describe costs by year.

c. Information on Proposed Sub-awards (if any), as well as on Proposed Procurement Contracts (if any)

Applicants for OJP awards typically may propose to make subawards. Applicants also may propose to enter into procurement contracts under the award.

Whether an action—for federal grants administrative purposes—is a subaward or procurement contract is a critical distinction as significantly different rules apply to subawards and procurement contracts. If a recipient enters into an agreement that is a subaward of an OJP award, specific rules apply—many of which are set by federal statutes and DOJ regulations; others by award conditions. These rules place particular responsibilities on an OJP recipient for any subawards the OJP recipient may make. The rules determine much of what the written subaward agreement itself must require or provide. The rules also determine much of what an OJP recipient must do both before and after it makes a subaward. If a recipient enters into an agreement that is a procurement contract under an OJP award, a substantially different set of federal rules applies.

OJP has developed the following guidance documents to help clarify the differences between subawards and procurement contracts under an OJP award and outline the compliance and reporting requirements for each. This information can be accessed online at https://ojp.gov/training/training.htm.

- Subawards under OJP Awards and Procurement Contracts under Awards: A Toolkit for OJP Recipients.
- Checklist to Determine Subrecipient or Contractor Classification.
- Sole Source Justification Fact Sheet and Sole Source Review Checklist.

In general, the central question is the relationship between what the third-party will do under its agreement with the recipient and what the recipient has committed (to OJP) to do under its award to further a public purpose (e.g., services the recipient will provide, products it will develop or modify, research or evaluation it will conduct). If a third party will provide some of the services the recipient has committed (to OJP) to provide, will develop or modify all or part of a product the recipient has committed (to OJP) to provide, will develop or modify, or will conduct part of the research or evaluation the recipient has committed (to OJP) to conduct, OJP will consider the agreement with the third party a subaward for purposes of federal grants administrative requirements.

This will be true even if the recipient, for internal or other non-federal purposes, labels or treats its agreement as a procurement, a contract, or a procurement contract. Neither the title nor the structure of an agreement determines whether the agreement—for purposes of federal grants administrative requirements—is a subaward or is instead a procurement.
contract under an award. The substance of the relationship should be given greater consideration than the form of agreement between the recipient and the outside entity.

1. Information on proposed subawards
A recipient of an OJP award may not make subawards ("subgrants") unless the recipient has specific federal authorization to do so. Unless an applicable statute or DOJ regulation specifically authorizes (or requires) subawards, a recipient must have authorization from OJP before it may make a subaward.

A particular subaward may be authorized by OJP because the recipient included a sufficiently-detailed description and justification of the proposed subaward in the Program Narrative, Budget Detail Worksheet, and Budget Narrative as approved by OJP. If, however, a particular subaward is not authorized by federal statute or regulation, and is not approved by OJP, the recipient will be required, post-award, to request and obtain written authorization from OJP before it may make the subaward.

If an applicant proposes to make one or more subawards to carry out the federal award and program, the applicant should: (1) identify (if known) the proposed subrecipient(s), (2) describe in detail what each subrecipient will do to carry out the federal award and federal program, and (3) provide a justification for the subaward(s), with details on pertinent matters such as special qualifications and areas of expertise. Pertinent information on subawards should appear not only in the Program Narrative, but also in the Budget Detail Worksheet and Budget Narrative.

2. Information on proposed procurement contracts (with specific justification for proposed noncompetitive contracts over $150,000)
Unlike a recipient contemplating a subaward, a recipient of an OJP award generally does not need specific prior federal authorization to enter into an agreement that—for purposes of federal grants administrative requirements—is considered a procurement contract, provided that (1) the recipient uses its own documented procurement procedures and (2) those procedures conform to applicable federal law, including the Procurement Standards of the (DOJ) Part 200 Uniform Requirements (as set out at 2 C.F.R. 200.317 - 200.326). The Budget Detail Worksheet and Budget Narrative should identify proposed procurement contracts. (As discussed above, subawards must be identified and described separately from procurement contracts.)

The Procurement Standards in the Part 200 Uniform Requirements, however, reflect a general expectation that agreements that (for purposes of federal grants administrative requirements) constitute procurement “contracts” under awards will be entered into on the basis of full and open competition. All noncompetitive (sole source) procurement contracts must meet the OJP requirements outlined at https://ojp.gov/training/subawards-procurement.htm. If a proposed procurement contract would exceed the simplified acquisition threshold—currently, $150,000—a recipient of an OJP award may not proceed without competition unless and until the recipient receives specific advance authorization from OJP to use a non-competitive approach for the procurement. An applicant that (at the time of its application) intends—without competition—to enter into a procurement contract that would exceed $150,000 should include a detailed justification that explains to OJP why, in the particular circumstances, it is appropriate to proceed without competition.

If the applicant receives an award, sole source procurements that do not exceed the Simplified Acquisition Threshold (currently $150,000) must have written justification for the
noncompetitive procurement action maintained in the procurement file. If a procurement file
does not have the documentation that meets the criteria outlined in 2 C.F.R. 200, the
procurement expenditures may not be allowable. Sole source procurement over the
$150,000 Simplified Acquisition Threshold must have prior approval from OJP using a Sole
Source Grant Adjustment Notice (GAN). Written documentation justifying the noncompetitive
procurement must be submitted with the GAN and maintained in the procurement file.

d. Pre-Agreement Costs
For information on pre-agreement costs, see Section B. Federal Award Information.

5. Indirect Cost Rate Agreement (if applicable)
Indirect costs may be charged to an award only if:

(a) The recipient has a current (unexpired), federally approved indirect cost rate; or
(b) The recipient is eligible to use, and elects to use, the “de minimis” indirect cost rate
described in the Part 200 Uniform Requirements, as set out at 2 C.F.R. 200.414(f).

An applicant with a current (unexpired) federally approved indirect cost rate is to attach a copy
of the indirect cost rate agreement to the application. An applicant that does not have a current
federally approved rate may request one through its cognizant federal agency, which will review
all documentation and approve a rate for the applicant entity, or, if the applicant’s accounting
system permits, applicants may propose to allocate costs in the direct cost categories.

For assistance with identifying the appropriate cognizant federal agency for indirect costs,
please contact the Office of the Chief Financial Officer (OCFO) Customer Service Center at 1–
800–458–0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants
may obtain information needed to submit an indirect cost rate proposal at
https://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf.

Certain OJP recipients have the option of electing to use the “de minimis” indirect cost rate. An
applicant that is eligible to use the “de minimis” rate that wishes to use the "de minimis" rate
should attach written documentation to the application that advises OJP of both—(1) the
recipient’s eligibility to use the “de minimis” rate, and (2) its election to do so. If an eligible
applicant elects the “de minimis” rate, costs must be consistently charged as either indirect or
direct costs, but may not be double charged or inconsistently charged as both. The "de minimis"
rate may no longer be used once an approved federally negotiated indirect cost rate is in place.
(No entity that ever has had a federally approved negotiated indirect cost rate is eligible to use
the "de minimis" rate.) For the “de minimis” rate requirements (including information on eligibility
to elect to use the rate), see the Part 200 Uniform Requirements, at 2 C.F.R. 200.414(f).

6. Financial Management and System of Internal Controls Questionnaire (including
applicant disclosure of high risk status)
Every OJP applicant (other than an individual applying in his or her personal capacity) is
required to download, complete, and submit the OJP Financial Management and System of
Internal Controls Questionnaire (Questionnaire) at
https://ojp.gov/funding/Apply/Resources/FinancialCapability.pdf as part of its application. The
Questionnaire helps OJP assess the financial management and internal control systems, and
the associated potential risks of an applicant as part of the pre-award risk assessment process.

The Questionnaire should only be completed by financial staff most familiar with the applicant's
systems, policies, and procedures in order to ensure that the correct responses are recorded
and submitted to OJP. The responses on the Questionnaire directly impact the pre-award risk assessment and should accurately reflect the applicant’s financial management and internal control system at the time of the application. The pre-award risk assessment is only one of multiple factors and criteria used in determining funding. However, a pre-award risk assessment that indicates that an applicant poses a higher risk to OJP may affect the funding decision and/or result in additional reporting requirements, monitoring, special conditions, withholding of award funds, or other additional award requirements.

Among other things, the form requires each applicant to disclose whether it currently is designated “high risk” by a federal grant-making agency outside of DOJ. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the applicant’s past performance, or other programmatic or financial concerns with the applicant. If an applicant is designated high risk by another federal awarding agency, the applicant must provide the following information:

- The federal awarding agency that currently designates the applicant high risk
- The date the applicant was designated high risk
- The high risk point of contact at that federal awarding agency (name, phone number, and email address)
- The reasons for the high risk status, as set out by the federal awarding agency

OJP seeks this information to help ensure appropriate federal oversight of OJP awards. An applicant that is considered “high risk” by another federal awarding agency is not automatically disqualified from receiving an OJP award. OJP may, however, consider the information in award decisions, and may impose additional OJP oversight of any award under this solicitation (including through the conditions that accompany the award document).

7. Disclosure of Lobbying Activities
Each applicant must complete and submit this information. An applicant that expends any funds for lobbying activities is to provide all of the information requested on the form Disclosure of Lobbying Activities (SF-LLL) posted at https://ojp.gov/funding/Apply/Resources/Disclosure.pdf. An applicant that does not expend any funds for lobbying activities is to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

8. Additional Attachments
a. **Timeline/Project Plan** outlining key tasks, benchmarks, and persons/entities responsible.

b. **Position Descriptions** for key roles. Position descriptions should relate to the role on the proposed project, not the person’s role within the applicant organization, and describe critical competencies and expectations regarding project responsibilities.

c. **Résumés** for key personnel. Applicants may combine position descriptions and résumés into a single document; however, please note that résumés are one of the critical elements for an application, along with the program narrative and budget and budget narrative. Applications that do not include these elements shall neither proceed to peer review nor receive further consideration by BJA.
d. **Work Product Examples.** Attach two to three examples of relevant products the organization has produced that exemplify high quality product and the ability to communicate effectively with stakeholders (e.g., website, fact sheet, research brief, link to archived webinar, TA final report with recommendations, infographics, etc.). Applications that do not include these elements shall neither proceed to peer review nor receive further consideration by BJA.

e. **Applicant Disclosure of Pending Applications**

Each applicant is to disclose whether it has (or is proposed as a subrecipient under) any pending applications for federally funded grants or cooperative agreements that (1) include requests for funding to support the same project being proposed in the application under this solicitation, and (2) would cover any identical cost items outlined in the budget submitted to OJP as part of the application under this solicitation. The applicant is to disclose applications made directly to federal awarding agencies, and also applications for subawards of federal funds (e.g., applications to state agencies that will subaward (“subgrant”) federal funds).

OJP seeks this information to help avoid inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Each applicant that has one or more pending applications as described above is to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency
- The solicitation name/project name
- The point of contact information at the applicable federal or state funding agency

<table>
<thead>
<tr>
<th>Federal or State Funding Agency</th>
<th>Solicitation Name/Project Name</th>
<th>Name/Phone/Email for Point of Contact at Federal or State Funding Agency</th>
</tr>
</thead>
<tbody>
<tr>
<td>DOJ/Office of Community Oriented Policing Services (COPS)</td>
<td>COPS Hiring Program</td>
<td>Jane Doe, 202/000-0000; <a href="mailto:jane.doe@usdoj.gov">jane.doe@usdoj.gov</a></td>
</tr>
<tr>
<td>Health and Human Services/Substance Abuse and Mental Health Services Administration</td>
<td>Drug-Free Communities Mentoring Program/ North County Youth Mentoring Program</td>
<td>John Doe, 202/000-0000; <a href="mailto:john.doe@hhs.gov">john.doe@hhs.gov</a></td>
</tr>
</tbody>
</table>

Each applicant should include the table as a separate attachment to its application. The file should be named “Disclosure of Pending Applications.” The applicant’s Legal Name on the application must match the entity named on the disclosure of pending applications statement.

Any applicant that does not have any pending applications as described above is to submit, as a separate attachment, a statement to this effect: “[Applicant Name on SF-424] does not have (and is not proposed as a subrecipient under) any pending applications submitted
within the last 12 months for federally funded grants or cooperative agreements (or for subawards under federal grants or cooperative agreements) that request funding to support the same project being proposed in this application to OJP and that would cover any identical cost items outlined in the budget submitted as part of this application.”

f. Research and Evaluation Independence and Integrity
If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant must demonstrate independence and integrity regarding both this proposed research and/or evaluation, and any current or prior related projects.

Each application should include an attachment that addresses both i. and ii. below:

i. For purposes of this solicitation, each applicant is to document research and evaluation independence and integrity by including one of the following two items:

a. A specific assurance that the applicant has reviewed its application to identify any actual or potential apparent conflicts of interest (including through review of pertinent information on the principal investigator, any co-principal investigators, and any subrecipients), and that the applicant has identified no such conflicts of interest—whether personal or financial or organizational (including on the part of the applicant entity or on the part of staff, investigators, or subrecipients)—that could affect the independence or integrity of the research, including the design, conduct, and reporting of the research.

OR

b. A specific description of actual or potential apparent conflicts of interest that the applicant has identified—including through review of pertinent information on the principal investigator, any co-principal investigators, and any subrecipients—that could affect the independence or integrity of the research, including the design, conduct, or reporting of the research. These conflicts may be personal (e.g., on the part of investigators or other staff), financial, or organizational (related to the applicant or any subrecipient entity). Some examples of potential investigator (or other personal) conflict situations are those in which an investigator would be in a position to evaluate a spouse’s work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization would not be given an award to evaluate a project, if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), because the organization in such an instance might appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.
ii. In addition, for purposes of this solicitation, each applicant is to address possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:

a. If an applicant reasonably believes that no actual or potential apparent conflicts of interest (personal, financial, or organizational) exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. The applicant also is to include an explanation of the specific processes and procedures that the applicant has in place, or will put in place, to identify and prevent (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

OR

b. If the applicant has identified actual or potential apparent conflicts of interest (personal, financial, or organizational) that could affect the independence and integrity of the research, including the design, conduct, or reporting of the research, the applicant is to provide a specific and robust mitigation plan to address each of those conflicts. At a minimum, the applicant is expected to explain the specific processes and procedures that the applicant has in place, or will put in place, to identify and eliminate (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

OJP will assess research and evaluation independence and integrity based on considerations such as the adequacy of the applicant’s efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the applicant entity (and any subrecipients) in carrying out the research, development, or evaluation activity; and the adequacy of the applicant’s existing or proposed remedies to control any such factors.

How To Apply
Applicants must register in and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at https://www.grants.gov/web/grants/support.html.
Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at 800–518–4726 or 606–545–5035, which operates 24 hours a day, 7 days a week, except on federal holidays.

Important Grants.gov update. Grants.gov has updated its application tool. The legacy PDF application package was retired on December 31, 2017. Grants.gov Workspace is now the standard application method for applying for grants. OJP applicants should familiarize themselves with the Workspace option now. For complete information and instructions on using Workspace (and other changes), go to the Workspace Overview page at https://www.grants.gov/web/grants/applicants/workspace-overview.html.
Registering with Grants.gov is a one-time process; however, processing delays may occur, and it can take several weeks for first-time registrants to receive confirmation of registration and a user password. OJP encourages applicants to register several weeks before the application submission deadline. In addition, OJP urges applicants to submit applications at least 72 hours prior to the application due date, in order to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP strongly encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation at https://www.grants.gov/web/grants/manage-subscriptions.html. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

**Browser Information:** Grants.gov was built to be compatible with Internet Explorer. For technical assistance with Google Chrome, or another browser, contact Grants.gov Customer Support.

**Note on Attachments:** Grants.gov has two categories of files for attachments: “mandatory” and “optional.” OJP receives all files attached in both categories. Attachments are also labeled to describe the file being attached (e.g., Project Narrative, Budget Narrative, Other, etc.) Please ensure that all required documents are attached in the correct Grants.gov category and are labeled correctly. Do not embed “mandatory” attachments within another file.

**Note on File Names and File Types:** Grants.gov only permits the use of certain specific characters in the file names of attachments. Valid file names may include only the characters shown in the table below. Grants.gov rejects any application that includes an attachment(s) with a file name that contains any characters not shown in the table below. Grants.gov forwards successfully submitted applications to the OJP Grants Management System (GMS).

| Characters | Special Characters
|------------|----------------------|
| Upper case (A – Z) | Parenthesis ( )
| Lower case (a – z) | Curly braces {}
| Underscore ( _ ) | Square brackets []
| Hyphen ( - ) | Ampersand (&)*
| Space | Tilde (~)
| Period (.) | Exclamation point (!)
| Parenthesis ( ) | Comma ( , )
| At sign (@) | Semicolon (;)
| Percent sign (%) | Number sign (#)
| | Dollar sign ($)

*When using the ampersand (&) in XML, applicants must use the “&amp;” format.

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

**Unique Entity Identifier (DUNS Number) and System for Award Management (SAM)**

Every applicant entity must comply with all applicable System for Award Management (SAM) and unique entity identifier (currently, a Data Universal Numbering System [DUNS] number) requirements. SAM is the repository for certain standard information about federal financial
assistance applicants, recipients, and subrecipients. A DUNS number is a unique nine-digit identification number provided by the commercial company Dun and Bradstreet. More detailed information about SAM and the DUNS number is in the numbered sections below.

If an applicant entity has not fully complied with the applicable SAM and unique identifier requirements by the time OJP makes award decisions, OJP may determine that the applicant is not qualified to receive an award and may use that determination as a basis for making the award to a different applicant.

Applying as an Individual
An individual who wishes to apply in his/her personal capacity should search Grants.gov for funding opportunities for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. (An applicant applying as an individual must comply with all applicable Grants.gov individual registration requirements.)

Enter the FON at https://apply07.grants.gov/apply/IndCPRegister to complete the registration form and create a username and password for Grants.gov. (An applicant applying as an individual should complete all steps below except 1, 2 and 4.)

Registration and Submission Steps

1. Acquire a unique entity identifier (currently, a DUNS number). In general, the Office of Management and Budget requires every applicant for a federal award (other than an individual) to include a "unique entity identifier" in each application, including an application for a supplemental award. Currently, a DUNS number is the required unique entity identifier.

   This unique entity identifier is used for tracking purposes, and to validate address and point of contact information for applicants, recipients, and subrecipients. It will be used throughout the life cycle of an OJP award. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at https://www.dnb.com/. A DUNS number is usually received within 1–2 business days.

2. Acquire or maintain registration with SAM. Any applicant for an OJP award creating a new entity registration in SAM.gov must provide an original, signed notarized letter stating that the applicant is the authorized Entity Administrator before the registration will be activated. To learn more about this process change, read the FAQs at https://www.gsa.gov/about-us/organization/federal-acquisition-service/office-of-systems-management/integrated-award-environment-iae/sam-update. Information about the notarized letter is posted at https://www.fsd.gov/answer.do?sysparm_kbid=d2e67885db0d5f00b3257d321f96194b&sysparm_search=kb0013183.

   All applicants for OJP awards (other than individuals) must maintain current registrations in the SAM database. Applicants will need the authorizing official of the organization and an Employer Identification Number (EIN). An applicant must be registered in SAM to successfully register in Grants.gov. Each applicant must update or renew its SAM registration at least annually to maintain an active status. SAM registration and renewal can take several weeks to complete (2 more weeks to acquire an EIN).

   An application cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. Once the SAM registration/renewal is complete, the
information transfer from SAM to Grants.gov can take as long as 48 hours. OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at www.SAM.gov.

3. Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password. Complete the AOR profile on Grants.gov and create a username and password. An applicant entity’s “unique entity identifier” (DUNS number) must be used to complete this step. For more information about the registration process for organizations and other entities, go to https://www.grants.gov/web/grants/applicants/organization-registration.html. Individuals registering with Grants.gov should go to https://www.grants.gov/web/grants/applicants/registration.html.

4. Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC). The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization’s AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.

5. Search for the funding opportunity on Grants.gov. Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation is 16.827, titled “Justice Reinvestment Initiative.”

6. Select the correct Competition ID. Some OJP solicitations posted to Grants.gov contain multiple purpose areas, denoted by the individual Competition ID. If applying to a solicitation with multiple Competition IDs, select the appropriate Competition ID for the intended purpose area of the application:

   Category 1: BJA-2018-14646
   Category 2: BJA-2018-14647

7. Access Funding Opportunity and Application Package from Grants.gov. Select “Apply for Grants” under the “Applicants” column. Enter your email address to be notified of any changes to the opportunity package before the closing date. Click the Workspace icon to use Grants.gov Workspace.

8. Submit a valid application consistent with this solicitation by following the directions in Grants.gov. Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application. The second will state whether the application has been validated and successfully submitted, or whether it has been rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received, and then receive a rejection notice a few minutes or hours later. Submitting an application well ahead of the deadline provides time to correct the problem(s) that caused the rejection. Important: OJP urges each applicant to submit its application at least 72 hours prior to the application due date, to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. Applications must be successfully submitted through Grants.gov by 5:00 p.m. eastern time on July 30, 2018.
Go to https://www.grants.gov/web/grants/applicants/organization-registration.html for further details on DUNS numbers, SAM, and Grants.gov registration steps and timeframes.

Note: Application Versions
If an applicant submits multiple versions of the same application, OJP will review only the most recent system-validated version submitted.

Experiencing Unforeseen Grants.gov Technical Issues
An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must contact the Grants.gov Customer Support Hotline at https://www.grants.gov/web/grants/support.html or the SAM Help Desk (Federal Service Desk) at https://www.fsd.gov/fsd-gov/home.do to report the technical issue and receive a tracking number. The applicant must email the contact identified in the Contact Information section on the title page within 24 hours after the application deadline to request approval to submit its application after the deadline. The applicant's email must describe the technical difficulties, and must include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any Grants.gov Help Desk or SAM tracking number(s).

Note: OJP does not automatically approve requests to submit a late application. After OJP reviews the applicant's request, and contacts the Grants.gov or SAM Help Desks to verify the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the untimely application submission was due to the applicant's failure to follow all required procedures, OJP will deny the applicant’s request to submit its application.

The following conditions generally are insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website
- Failure to follow each instruction in the OJP solicitation
- Technical issues with the applicant’s computer or information technology environment, such as issues with firewalls or browser incompatibility

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP Funding Resource Center at https://ojp.gov/funding/index.htm.

E. Application Review Information

Review Criteria
Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria.
1. **Description of the Issue (15 percent)**

- Describe recent trends in violent crime and the role of corrections, probation, and law enforcement in setting the stage to successfully reduce state and local violent crime rates and reduce recidivism. Be specific about risk prediction tools and other data-driven strategies that have been proven effective in reducing crime and recidivism.

- Describe the current approaches to reduce crime and recidivism.

- Provide a landscape and needs assessment that would show evidence of the need for a risk prediction tool in a community or region.

2. **Project Design and Implementation (40 percent)**

- Address in detail how the applicant proposes to undertake and accomplish each of the objectives and tasks outlined for the relevant category (Categories 1–2). The application should specify which types of assistance the applicant proposes to provide.

- Describe how the proposed management structure and staffing of the project will facilitate the delivery of the required services. The management and organizational structure described should match the staffing needs necessary to accomplish the tasks outlined in the Timeline/Project Plan. Detailed information contained in this Timeline/Project Plan (see page 19) will contribute to the assignment of points relative to this criterion.

3. **Capabilities and Competencies (30 percent)**

- Provide a detailed description of the applicant organization’s capacity to deliver the required services and perform the key tasks described on pages 5–8.

- For **Category 1** only, clearly articulate the organization’s history of involvement with developing risk assessments and supervision strategies used to prevent and reduce crime and recidivism, and provide information about the outcomes to date.

- For **Category 2** only, clearly articulate the organization’s history of developing data-sharing and notification systems and data-analysis and integration capabilities, and any information about the outcomes to date.

- Discuss the staffing resources—whether permanent full-time staff or proposed consultants—that will contribute to effective implementation and oversight of the project.

- Position descriptions, résumés of key project staff, and work product examples will contribute to the assignment of points related to this criterion (see Additional Attachments on page 19).

4. **Plan for Collecting the Data Required for this Solicitation’s Performance Measures (5 percent)**

- Describe the manner in which the data required for this solicitation’s performance measures will be collected, including the system(s) used and the person(s) responsible.

- Describe how other performance metrics, including the impact on public awareness and opinion will be documented, monitored, and evaluated.
5. **Budget (10 percent)**

- Submit a budget that is complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).
- Budget narratives should demonstrate generally how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the objectives of the project.\(^8\)
- Subawards are subject to BJA approval. For additional information on subawards, see "Budget and Associated Documentation" under Section D. Application and Submission Information.

**Review Process**

OJP is committed to ensuring a fair and open process for making awards. BJA reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items designated as “critical elements.”
- The applicant must not be identified in SAM as excluded from receiving federal awards.

For a list of the critical elements for this solicitation, see “What an Application Should Include” under Section D. Application and Submission Information.

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. BJA may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. Peer reviewers’ ratings and any resulting recommendations are advisory only, although reviewer views are considered carefully. Other important considerations for BJA include geographic diversity, strategic priorities, and available funding, as well as the extent to which the Budget Detail Worksheet and Budget Narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

---

\(^8\)Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $150,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, [FAPIIS]).

**Important note on FAPIIS:** An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

The evaluation of risks goes beyond information in SAM, however. OJP itself has in place a framework for evaluating risks posed by applicants for competitive awards. OJP takes into account information pertinent to matters such as:

1. Applicant financial stability and fiscal integrity
2. Quality of the applicant’s management systems, and the applicant’s ability to meet prescribed management standards, including those outlined in the DOJ Grants Financial Guide
3. Applicant's history of performance under OJP and other DOJ awards (including compliance with reporting requirements and award conditions), as well as awards from other federal agencies
4. Reports and findings from audits of the applicant, including audits under the Part 200 Uniform Requirements
5. Applicant's ability to comply with statutory and regulatory requirements, and to effectively implement other award requirements.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

**F. Federal Award Administration Information**

**Federal Award Notices**
Award notifications will be made by September 30, 2018. OJP sends award notifications by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and steps to take in GMS to start the award acceptance process. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date.

For each successful applicant, an individual with the necessary authority to bind the applicant will be required to log in; execute a set of legal certifications and a set of legal assurances;
designate a financial point of contact; thoroughly review the award, including all award conditions; and sign and accept the award. The award acceptance process requires physical signature of the award document by the authorized representative and the scanning and submission of the fully executed award document to OJP.

**Administrative, National Policy, and Other Legal Requirements**

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions, as well as all applicable requirements of federal statutes and regulations (including applicable requirements referred to in the assurances and certifications executed in connection with award acceptance). OJP strongly encourages prospective applicants to review information on post-award legal requirements and common OJP award conditions prior to submitting an application.

Applicants should consult the “Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards,” available in the OJP Funding Resource Center at https://ojp.gov/funding/index.htm. In addition, applicants should examine the following two legal documents, as each successful applicant must execute both documents before it may receive any award funds. (An applicant is not required to submit these documents as part of an application.)

- **Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements**
- **Certified Standard Assurances**

The webpages accessible through the “Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards” are intended to give applicants for OJP awards a general overview of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants and cooperative agreements awarded in FY 2018. Individual OJP awards typically also will include additional award conditions. Those additional conditions may relate to the particular statute, program, or solicitation under which the award is made; to the substance of the funded application; to the recipient's performance under other federal awards; to the recipient's legal status (e.g., as a for-profit entity); or to other pertinent considerations.

As stated above, BJA expects that it will make any award under this solicitation in the form of a cooperative agreement. Cooperative agreements include a condition in the award document that sets out the nature of the “substantial federal involvement” in carrying out the award and program. Generally stated, under OJP cooperative agreement awards, responsibility for the day-to-day conduct of the funded project rests with the recipient. OJP, however, may have substantial involvement in matters such as substantive coordination of technical efforts and site selection, as well as review and approval of project work plans, research designs, data collection instruments, and major project-generated materials. In addition, OJP often indicates in the award terms and conditions that it may redirect the project if necessary.

In addition to an award condition that sets out the nature of the anticipated “substantial federal involvement” in the award, cooperative agreements awarded by OJP include an award condition that requires specific reporting in connection with conferences, meetings, retreats, seminars, symposia, training activities, or similar events funded under the award.
General Information about Post-federal Award Reporting Requirements
In addition to the deliverables described in Section A, Program Description, any recipient of an award under this solicitation will be required to submit the following reports and data.

Required reports. Recipients typically must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)

Awards that exceed $500,000 will include an additional condition that, under specific circumstances, will require the recipient to report (to FAPIIS) information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either the OJP award or any other grant, cooperative agreement, or procurement contract from the federal government. Additional information on this reporting requirement appears in the text of the award condition posted on the OJP webpage at https://ojp.gov/funding/FAPIIS.htm.

Data on performance measures. In addition to required reports, each award recipient also must provide data that measure the results of the work done under the award. To demonstrate program progress and success, as well as to assist DOJ in fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103–62, and the GPRA Modernization Act of 2010, Public Law 111–352, OJP will require any award recipient, post award, to provide performance data as part of regular progress reporting. Successful applicants will be required to access OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP. Performance measures are also listed as Appendix A.

G. Federal Awarding Agency Contact(s)
For OJP contact(s), see the title page.
For contact information for Grants.gov, see the title page.

H. Other Information
All applications submitted to OJP (including all attachments to applications) are subject to the federal Freedom of Information Act (FOIA) and to the Privacy Act. By law, DOJ may withhold information that is responsive to a request pursuant to FOIA if DOJ determines that the responsive information either is protected under the Privacy Act or falls within the scope of one of nine statutory exemptions under FOIA. DOJ cannot agree in advance of a request pursuant to FOIA not to release some or all portions of an application.

In its review of records that are responsive to a FOIA request, OJP will withhold information in those records that plainly falls within the scope of the Privacy Act or one of the statutory exemptions under FOIA. (Some examples include certain types of information in budgets, and names and contact information for project staff other than certain key personnel.) In appropriate
circumstances, OJP will request the views of the applicant/recipient that submitted a responsive document.

For example, if OJP receives a request pursuant to FOIA for an application submitted by a nonprofit or for-profit organization or an institution of higher education, or for an application that involves research, OJP typically will contact the applicant/recipient that submitted the application and ask it to identify—quite precisely—any particular information in the application that the applicant/recipient believes falls under a FOIA exemption, the specific exemption it believes applies, and why. After considering the submission by the applicant/recipient, OJP makes an independent assessment regarding withholding information. OJP generally follows a similar process for requests pursuant to FOIA for applications that may contain law-enforcement sensitive information.

**Provide Feedback to OJP**

To assist OJP in improving its application and award processes, OJP encourages applicants to provide feedback on this solicitation, the application submission process, and/or the application review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

**IMPORTANT:** This email is for feedback and suggestions only. OJP does not reply from this mailbox to messages it receives in this mailbox. Any prospective applicant that has specific questions on any program or technical aspect of the solicitation must use the appropriate telephone number or email listed on the front of this document to obtain information. These contacts are provided to help ensure that prospective applicants can directly reach an individual who can address specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please email your résumé to ojpprsupport@usdoj.gov. (Do not send your résumé to the OJP Solicitation Feedback email account.) Note: Neither you nor anyone else from your organization or entity can be a peer reviewer in a competition in which you or your organization/entity has submitted an application.
# Appendix A: Performance Measures Table

<table>
<thead>
<tr>
<th>Objective</th>
<th>Performance Measures</th>
<th>Data Grantee Provides</th>
</tr>
</thead>
</table>
| Support the development and/or improvement, implementation, and sustainment of comprehensive, objective, scientifically driven, and evidence-based risk prediction tools and capabilities, needs assessments, and model supervision plans to increase public safety and reduce recidivism. | Number of trainings conducted  
Number of participants who attend the training  
Percentage of participants who successfully completed the training  
Percentage of participants who rated the training as satisfactory or better  
Percentage of participants trained who subsequently demonstrated performance improvement | For the current reporting period:  
Number of trainings (by type):  
- In-person  
- Peer-to-peer  
- Workshop  
Number of individuals who:  
- Attended the training (in-person)  
- Completed the training  
- Completed an evaluation at the conclusion of the training  
- Completed an evaluation and rated the training as satisfactory or better  
- Completed the post-test with an improved score over their pre-test  
For the current reporting period, number of individuals who:  
- Completed the training  
- Completed a survey at the conclusion of the training  
- Reported the training provided information that could be utilized in their job |
| Increase the capacity of justice agencies to conduct analysis and make data-informed decisions that address chronic and/or emerging problems. | Percentage of requesting agencies that rated services as satisfactory or better  
Percentage of requesting agencies that were planning to implement recommendations | For the current reporting period:  
- Number of onsite visits completed  
- Number of reports submitted to requesting agencies after onsite visits  
- Number of requesting agencies that completed an evaluation of services  
- Number of agencies that rated the services as satisfactory or better in terms of:  
  - timeliness  
  - quality  
- Number of follow-ups with requesting agencies completed 6 months after onsite visit  
- Number of agencies that were planning to implement at least one or more recommendations 6 months after the onsite visit |
| Promote and increase collaboration and data sharing among local justice system agencies and officials who work in criminal justice, including local policymakers, law enforcement, | Percentage of peer visitors who reported that the visit to the other agency was useful in providing information on policies or practices  
Percentage of peer visitors who were planning to implement one or more policies or practices 6 months | • Number of peer-to-peer visits completed  
• Number of peer visitors who completed an evaluation  
• Number of peer visitors who reported that the visit was useful in providing information on policies or practices |
<table>
<thead>
<tr>
<th>Objective</th>
<th>Performance Measures</th>
<th>Data Grantee Provides</th>

</thead>
</table>
| prosecution, defense, pretrial services, courts, probation, treatment, corrections, reentry, and parole. | after they were observed at the visited site  
Percentage of requesting agencies of other onsite services that rated the services provided as satisfactory or better | • Number of follow-ups with the requesting peer visitor completed 6 months after the peer-to-peer visit  
• Number of peer visitors who were planning to implement at least one or more recommendations 6 months after the onsite visit  
• Number of other onsite services provided  
• Number of requesting agencies that completed an evaluation of other onsite services  
• Number of agencies that rated the services a satisfactory or better |
| Increase justice agencies’ use of data-driven and evidence-based practices and programs to analyze and respond to crime drivers. | Number of publications developed  
Number of publications disseminated | For the current reporting period:  
• Number of publications/resources developed  
• Number of publications/ resources disseminated |
Appendix B: Application Checklist

Justice Reinvestment Initiative: National Training and Technical Assistance

This application checklist has been created as an aid in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:

_____ Acquire a DUNS Number            (see page 24)
_____ Acquire or renew registration with SAM       (see page 24)

To Register with Grants.gov:

_____ Acquire AOR and Grants.gov username/password (see page 25)
_____ Acquire AOR confirmation from the E-Biz POC     (see page 255)

To Find Funding Opportunity:

_____ Search for the Funding Opportunity on Grants.gov     (see page 25)
_____ Select the correct Competition ID            (see page 25)
_____ Access Funding Opportunity and Application Package (see page 25)
_____ Sign up for Grants.gov email notifications (optional) (see page 22)
_____ Read Important Notice: Applying for Grants in Grants.gov
_____ Read OJP policy and guidance on conference approval, planning, and reporting available at ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm (see page 111)

After Application Submission, Receive Grants.gov Email Notifications That:

_____ (1) application has been received,
_____ (2) application has either been successfully validated or rejected with errors    (see page 255)

If No Grants.gov Receipt, and Validation or Error Notifications Are Received:

_____ contact NCJRS regarding experiencing technical difficulties    (see page 2)

Overview of Post-Award Legal Requirements:

Scope Requirement:

_____ The federal amount requested is within the allowable limit(s) described on page 9.

Eligibility Requirement:

_____ The applicant is a national-scope private and non-profit organization (including tribal nonprofit or for-profit organizations), college, or university (public or private) (including tribal institutions of higher education).

What an Application Should Include:

_____ Application for Federal Assistance (SF-424)            (see page 12)
_____ Project Abstract                                (see page 13)
_____ Program Narrative                                   (see page 13)
_____ Budget Detail Worksheet (see page 15)
_____ Budget Narrative (see page 15)
_____ Indirect Cost Rate Agreement (if applicable) (see page 18)
_____ Financial Management and System of Internal Controls Questionnaire (see page 18)
_____ Disclosure of Lobbying Activities (SF-LLL) (see page 19)
_____ Additional Attachments
   _____ Timeline (see page 19)
   _____ Position Descriptions for Key Roles (see page 19)
   _____ Résumés of Key Personnel (see page 19)
   _____ Work Product Examples (see page 20)
   _____ Applicant Disclosure of Pending Applications (see page 20)
   _____ Research and Evaluation Independence and Integrity (see page 21)

_____ Request and Justification for Employee Compensation; Waiver (if applicable) (see page 11)
